Safety Instruction Guide for Redding Neck Sizing Die Set 7mm Weatherby Magnum

Introduction

Thank you for choosing the Redding Neck Sizing Die Set for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure your safe and effective use of the product. Please read this guide thoroughly before using the dies.

General Safety Guidelines

- Ensure safe use of the Redding Neck Sizing Die Set by following these guidelines:
- Always handle reloading equipment with care.
- Keep the dies and related equipment out of reach of children and vulnerable individuals.
- Inspect the dies for any signs of damage before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Store the dies in a dry, cool place to prevent corrosion and damage.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Be aware of the following potential hazards when using the Redding Neck Sizing Die Set:
- Improper use can lead to injury or damage to the equipment.
- Ensure that the decapping rod assembly is properly installed before use to avoid accidents.
- Do not exceed the recommended load specifications for your ammunition.
- Always work in a wellventilated area to avoid inhaling any dust or fumes.
- Never leave reloading equipment unattended while in use.
- If you experience any malfunctions or issues during the reloading process, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Die:

- Secure the neck sizing die in your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to avoid movement during operation.

2. Using the Neck Sizing Die:

- Insert the brass case into the shell holder of the reloading press.
- Raise the ram to insert the case into the neck sizing die.
- Follow the die's instructions for adjusting the neck expander button to achieve the desired neck tension.
- Lower the ram and remove the sized case from the shell holder.

3. Installation of the Seating Die:

- Install the seating die in the reloading press.
- Adjust the seating depth according to your specifications and bullet type.

4. Using the Seating Die:

- Place a bullet on top of the charged case.

- Raise the ram to seat the bullet into the case.
- Lower the ram and check the overall length of the loaded cartridge for accuracy.

5. Crimping (if applicable):

- If crimping is required, adjust the builtin crimp ring on the seating die as per your needs.
- Ensure that crimping is applied consistently to all cartridges.

Disposal Instructions

- Dispose of any damaged or unusable dies in accordance with local regulations.
- Recycle packaging materials where possible.
- Ensure that all hazardous materials, such as spent primers or powder, are disposed of following local environmental guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Redding Neck Sizing Die Set, please contact the manufacturer or your local dealer for assistance. Always refer to the product's warranty and service information for support options.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Redding Neck Sizing Die Set. Thank you for prioritizing safety in your reloading practices.
