Safety Instruction Guide for Redding Neck Sizing Die Set 7mm Rem Ultra Mag

Introduction

Thank you for choosing the Redding Neck Sizing Die Set for your reloading needs. This product is designed to provide you with precise and safe ammunition sizing. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the principles of reloading and the specific requirements for the 7mm Remington Ultra Magnum cartridge.
- Always use the die set in a wellventilated area, free from flammable materials.
- Keep the die set out of reach of children and unauthorized users.
- Inspect the die set before each use for any signs of damage or wear.
- Use personal protective equipment (PPE) such as safety glasses and gloves while handling the die set and during the reloading process.
- Follow local regulations regarding the storage and handling of ammunition components.

Specific Safety Precautions for Use

- Always ensure the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load data provided by reputable sources.
- Be aware of the potential hazards associated with handling metallic cartridges and powders.
- Never point the die set or the reloaded ammunition at yourself or others.
- If you experience any malfunctions or irregularities during reloading, stop immediately and assess the situation.
- Store the die set in a dry, cool place when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Die:

- Remove the die from its packaging and inspect for damage.
- Ensure the decapping rod assembly is properly installed and the neck expander button is secure.
- Place the neck sizing die in the reloading press and tighten securely.

2. Usage of the Neck Sizing Die:

- Adjust the die to achieve the desired neck tension on the casing.
- Insert the cartridge case into the shell holder and raise the ram to engage the die.
- Lower the ram to complete the sizing operation.
- Repeat the process for all cases you wish to resize.

3. Installation of the Seating Die:

- Remove the seating die from its packaging and inspect for damage.
- Ensure the bullet guide and crimp ring are properly installed.
- Place the seating die in the reloading press and tighten securely.

4. Usage of the Seating Die:

- Adjust the seating die to achieve the desired bullet seating depth.
- Insert a resized cartridge case into the shell holder and place a bullet on top.
- Raise the ram to seat the bullet into the case.
- Lower the ram to complete the seating operation.
- Repeat for all cartridges you wish to reload.

5. Final Inspection:

- After reloading, visually inspect each cartridge for proper seating and crimping.
- Store the completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away live ammunition; contact local authorities for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the Redding Neck Sizing Die Set, please refer to the manufacturer's website or customer service resources. Ensure that you have your product details ready for any inquiries.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Redding Neck Sizing Die Set!
