

SEATER DIES - REDDING SEATER DIE 30-30 ACKLEY IMPROVED 40

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for SEATER DIES

REDDING SEATER DIE 3030 ACKLEY IMPROVED 40

Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 3030 ACKLEY IMPROVED 40. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before using this die.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading components.
- Keep the die and all reloading components out of reach of children and unauthorized persons.
- Regularly inspect the die for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading and usage.

Specific Safety Precautions for Use

- Use only the recommended cartridge type (3030 Imp 40) with this seating die.
- Ensure that the die is properly installed in your reloading press before use.
- Do not exceed the maximum load data provided by reliable reloading manuals.
- Always doublecheck your measurements and settings before starting the reloading process.
- Avoid distractions while reloading. Focus entirely on the task at hand.

Instructions for Installation and Usage

1. Installation:

- Clean the reloading press and ensure it is free from debris.
- Insert the Redding Seating Die into the press according to the manufacturer's instructions.
- Secure the die tightly to prevent movement during use.
- Attach the bullet guide and proper seating plug as indicated in the product specifications.

2. Usage:

- Prepare your cases and ensure they are clean and properly sized.
- Set the die to the desired seating depth by adjusting the seating plug.
- Insert a bullet into the case mouth and raise the ram of the press to engage the die.
- Apply consistent pressure to ensure proper bullet seating.
- Inspect each completed round for quality and consistency.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the SEATER DIES REDDING SEATER DIE 3030 ACKLEY

IMPROVED 40, please refer to the manufacturer's official website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
