

# F-CLASS REST FEET (3) - SINCLAIR INTERNATIONAL F-CLASS REST FEET 3/8X16 THREADS 3 PACK

[Shooting Accessories](#) > [Shooting Rests](#) > [Shooting Rest Accessories](#)

F-Class shooting is growing rapidly, providing shooters another avenue to shoot long range. These rest foot pads thread onto your standard Sinclair Rest feet and prevent the rest feet from sinking into loose sand, gravel, or mud. The foot pads are machined from solid stainless steel and have a conical point on the down side to dig in a bit. Great for any kind of shooting where your rest is on a ground. They are 2.5 inches in diameter at the widest point. Sold as a set of three. NOTE: You will also need to purchase 749-013-900 (1/2-20 leg) to replace the speed screw. This is so all 3 F-Class rest feet can be used. The Sinclair Heavy Varmit Rests come with the standard rear leg so the purchase of the 749-013-900 is not required.

## Attributes

- Name: [SINCLAIR INTERNATIONAL F-CLASS REST FEET 3/8X16 THREADS 3 PACK](#)

# FClass Rest Feet Safety Instruction Guide

## Introduction

Thank you for choosing the FClass Rest Feet from Sinclair International. These rest foot pads are designed to enhance your shooting experience by providing stability on various terrains. This guide provides essential safety instructions to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the product for any visible damage before use.
- Ensure that the rest feet are securely attached to the rest before shooting.
- Use the product only for its intended purpose, as described in the manual.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to local authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Hazard Identification:**
  - Risk of slipping or falling if the rest feet are not properly secured.
  - Risk of injury if the product is used on unstable or uneven ground.
- Avoiding Hazards:**
  - Ensure the ground surface is stable and suitable for shooting before use.
  - Do not use the rest feet in extreme weather conditions (e.g., heavy rain, snow).
  - Always maintain a safe distance from others when shooting.
  - Use protective eyewear and hearing protection while shooting.

## Instructions for Installation and Usage

### • Installation:

- Ensure that your Sinclair Rest feet are clean and free from debris.
- Align the threaded end of the rest foot pad with the standard Sinclair Rest foot.
- Thread the rest foot pad onto the Sinclair Rest foot by turning it clockwise until secure.
- Check that the foot pad is tightly secured before proceeding to use the rest.

### • Usage:

- Place the rest feet on a stable surface suitable for shooting.
- Adjust the rest as needed to ensure a comfortable shooting position.
- Confirm that the rest feet are stable and do not sink into the ground before shooting.
- After use, carefully detach the rest foot pads by turning them counterclockwise.

## Disposal Instructions

- Dispose of the product in accordance with local waste management regulations.
- If the product is damaged or no longer needed, ensure it is recycled or disposed of responsibly.

## Contact Information for Further Support

For any inquiries regarding the safety and usage of the FClass Rest Feet, please contact the appropriate local

authority or visit the EU's Safety Gate platform for updates and information.

Thank you for prioritizing safety and enjoying your shooting experience with the FClass Rest Feet!
