Safety Instruction Guide for FULL LENGTH SIZING DIES 6.5MM GRENDDEL

Introduction

Thank you for choosing the FULL LENGTH SIZING DIES 6.5MM GRENDDEL. This guide is designed to provide you with essential safety information and instructions for the proper use of this product. Please read this document carefully to ensure safe handling and operation.

General Safety Guidelines

- Ensure that you are familiar with the handling of reloading equipment and ammunition.
- Always wear appropriate safety gear, including eye protection and gloves, when using reloading dies.
- Keep the dies and all related equipment out of reach of children and unauthorized individuals.
- Store dies in a dry, cool place to prevent rust and damage.
- Regularly inspect your dies for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and usage.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 6.5MM Grendel cartridge.
- Always use a headspace gauge when setting up the full length sizing die to ensure proper cartridge fit.
- Avoid using the sizing die with damaged or deformed cases, as this may lead to unsafe reloading conditions.
- Ensure that the work area is welllit and free from distractions while reloading.
- Do not attempt to modify the sizing die or its components in any way.
- Be aware of the potential hazards associated with handling and reloading ammunition, including the risk of fire and explosion.

Instructions for Installation and Usage

1. Installation of the Full Length Sizing Die:

- Remove the sizing die from its packaging.
- Clean the die with a soft cloth to remove any protective oil.
- Install the sizing die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position, ensuring it is securely fastened.

2. Usage of the Full Length Sizing Die:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the case into the die and lower the press handle to size the case.
- After sizing, remove the case and inspect it for proper fit and dimensions.
- Repeat the process for each case, ensuring consistent sizing.

3. Decapping Assembly and Expander Ball:

- The decapping assembly is used to remove spent primers from the cartridge cases.
- Ensure that the expander ball is properly aligned for accurate resizing of the neck.

Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local waste disposal regulations.
- Do not throw dies into regular trash. Check with local authorities for proper disposal methods for metal and reloading components.
- Ensure that any spent primers or other hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For any questions or concerns regarding the FULL LENGTH SIZING DIES 6.5MM GRENDL, please refer to the manufacturer's website or customer support resources for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the FULL LENGTH SIZING DIES 6.5MM GRENDL. Always prioritize safety and compliance with local regulations when reloading ammunition. Thank you for your attention to these important guidelines.
