

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 243 WIN ACKLEY IMP 40

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments. The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber. This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

## Attributes

- Name: [REDDING TYPE S BUSHING NECK DIE 243 WIN ACKLEY IMP 40](#)

# Consumer Safety Instruction Guide for TYPE S BUSHING NECK DIES

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES by Redding. This product is designed for reloaders who seek precision in controlling case neck size and tension. To ensure safe and effective use of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Always ensure that the product is used according to the guidelines to prevent any accidents or injuries.
- **Enhanced Recalls:** Stay informed about any product recalls. If notified, follow the instructions provided for safe return or remedy.
- **Online Shopping Safety:** When purchasing online, ensure that the seller complies with safety regulations and provides clear product information.
- **Consumer Focus:** Extra caution should be taken when this product is used by individuals who may be inexperienced or vulnerable.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on any unsafe products.

## Specific Safety Precautions for Use

- **Read the Manual:** Always read the product manual before use.
- **Inspect the Product:** Check the die and components for any signs of damage or wear before use.
- **Use Proper Equipment:** Ensure that the resizing bushing and decapping rod are compatible and in good condition.
- **Wear Safety Gear:** Use safety glasses and gloves to protect yourself from debris and sharp edges during operation.
- **Work in a Safe Environment:** Use the product in a welllit, clean, and organized workspace to avoid accidents.
- **Keep Out of Reach of Children:** This product is not intended for use by children. Store it in a safe location away from their reach.

## Instructions for Installation and Usage

### 1. Setup:

- Securely mount the die into your reloading press according to the manufacturer's instructions.
- Ensure that the resizing bushing is properly inserted and seated in the die.

### 2. Adjusting the Decapping Rod:

- Loosen the decapping rod lock nut.
- Adjust the rod to the desired height for neck resizing.
- Tighten the lock nut securely to prevent movement during operation.

### 3. Neck Sizing:

- Insert the case into the die and raise the ram to resize the neck.
- If using the size button, ensure it is properly positioned to avoid damaging the case.

#### 4. **Decapping:**

- The decapping rod will remove the spent primer during the resizing process.
- Ensure that the decapping pin is correctly aligned with the flash hole of the case.

#### 5. **Completion:**

- After resizing, remove the case from the die and inspect it for uniformity.
- Clean the die and tools after use to maintain their condition.

## **Disposal Instructions**

- Dispose of any broken or damaged parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs that accept metal and plastic components.

## **Contact Information for Further Support**

For support related to safety inquiries or product information, please refer to the manufacturer's contact details provided in the product packaging.

By following these guidelines, you can ensure safe and effective use of the TYPE S BUSHING NECK DIES. Thank you for your attention to safety and for choosing our product.
