

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 280 ACKLEY IMP

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

# Safety Instruction Guide for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 280 ACKLEY IMP

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 280 ACKLEY IMP. This product is designed to assist reloaders in precisely controlling case neck size and tension. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the die by following all instructions. This product is designed for nonfood use and is not intended for children.
- **Enhanced Recalls:** Stay informed about any recalls related to this product by checking official sources.
- **Online Shopping Protections:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** This product should be used by individuals with experience in reloading. Keep it out of reach of children.
- **EU Contact Point:** For safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear safety glasses when using the die to protect your eyes from debris.
- Ensure that the die is properly secured to the reloading press before use.
- Do not attempt to resize cases that are damaged or excessively worn.
- Keep hands and clothing clear of moving parts during operation.
- Use only the recommended bushing sizes to avoid damage to the die or cases.
- Do not modify the die or its components in any way.
- Avoid using the die in wet or damp conditions to prevent electrical hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die into the reloading press according to the manufacturer's instructions.
- Ensure that the decapping rod is properly adjusted and that the standard size button is in place.

### 2. Usage:

- Select the appropriate bushing size for your case neck.
- Insert the case into the die and adjust the decapping rod if necessary to resize only a portion of the neck length.
- Operate the press smoothly and steadily to ensure consistent resizing.
- After resizing, inspect the case for any signs of damage or improper resizing.

### 3. Maintenance:

- Clean the die regularly to prevent buildup of debris.
- Store the die in a dry place when not in use to avoid rust or corrosion.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw the die or its components in regular household waste. Check with your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 280 ACKLEY IMP, please consult the retailer from whom you purchased the product. They will provide you with the necessary support and information regarding safety and usage.

By following these guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety!
