

TYPE S BUSHING FULL DIES - REDDING 7MM REMINGTON SAUM BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Redding Type S Full Length Die, 7mm Rem SA Ultra Mag

Safety Instruction Guide for Redding Type S Full Length Die, 7mm Rem SA Ultra Mag

Introduction

Thank you for choosing the Redding Type S Full Length Die for the 7mm Remington SA Ultra Mag. This guide provides essential safety instructions and information to ensure the safe use and handling of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the die is used in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die out of reach of children and unauthorized users.
- Regularly inspect the die for wear and damage before each use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling the die and during reloading processes.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only with the appropriate cartridge (7mm SAUM).
- Ensure that the die is securely mounted to the reloading press to prevent movement during use.
- Avoid overtightening the die, which may cause damage or malfunction.
- Do not exceed recommended load specifications for the cartridge.
- Always doublecheck measurements and settings before proceeding with reloading.
- Be aware of the specific characteristics of the 7mm SAUM cartridge, including its pressure limits and safe handling procedures.
- Store the die in a dry, safe place when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and properly set up.
- Select the appropriate die for 7mm SAUM and remove it from the packaging.
- Carefully screw the die into the reloading press until it is snug, ensuring it is aligned properly.
- Adjust the die according to the manufacturer's instructions for the desired operation (e.g., resizing, seating).

2. Usage:

- Prepare the cartridge cases by cleaning and inspecting them for defects.
- Set the reloading press to the correct position for the die operation.
- Insert the cartridge case into the press and operate the handle to engage the die.
- Monitor the operation closely, ensuring there are no obstructions or malfunctions.
- After completing the operation, remove the cartridge case and inspect it for proper sizing and seating.

Disposal Instructions

- Dispose of any unused or defective products in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options or hazardous waste

disposal facilities in your area.

- Ensure that all packaging materials are disposed of properly, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Redding Type S Full Length Die, please refer to the manufacturer's contact details provided with the product packaging or visit their official website for support resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Type S Full Length Die for the 7mm Remington SA Ultra Mag. Thank you for prioritizing safety in your reloading practices.
