

# TYPE S BUSHING FULL DIES - 22-250 ACKLEY IMPROVED BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [22-250 ACKLEY IMPROVED BUSHING FULL LENGTH DIE](#)

# Safety Instruction Guide for TYPE S BUSHING FULL DIES 22250 ACKLEY IMPROVED BUSHING FULL LENGTH DIE

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES 22250 ACKLEY IMPROVED BUSHING FULL LENGTH DIE. This guide provides important safety instructions and usage guidelines to ensure your safety and the proper functioning of the product. Please read this manual carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Report any unsafe products or accidents to relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Handle the die with care to avoid injury from sharp edges.
- Ensure that your workspace is clean and free from clutter to prevent accidents.
- Always use the die in a wellventilated area to avoid inhaling any dust or particles.
- Do not exceed the recommended specifications for the die to avoid malfunction.
- When adjusting the bushing position, ensure that the die is securely mounted to prevent slippage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the TYPE S BUSHING FULL DIE.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Attach the adjustable decapping rod and confirm it is set at the desired height.

### 2. Usage:

- Before resizing, ensure that the cartridge case is clean and free from debris.
- Insert the cartridge case into the die and apply consistent pressure to achieve full length resizing.
- Adjust the bushing position as needed for partial neck sizing by loosening the decapping rod.
- After use, remove the cartridge case and inspect for proper resizing.

### 3. Cleaning and Maintenance:

- Clean the die after each use with a soft cloth to remove any residue.
- Store the die in a dry, safe place to prevent corrosion or damage.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste. Instead, follow local guidelines for the disposal of

metal products.

## Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer's website or contact their support team for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES 22250 ACKLEY IMPROVED BUSHING FULL LENGTH DIE. Always prioritize safety and best practices in your reloading activities.
