

DELUXE 3-DIE SETS - REDDING 260 REMINGTON 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS

REDDING 260 REMINGTON 3 DIE SET

Introduction

Thank you for choosing the Redding Deluxe 3DIE Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die set.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that you are familiar with the operation of your reloading press and the die set before use.
- Store the die set in a cool, dry place away from direct sunlight and moisture.
- Keep all reloading components, including dies, out of reach of children and pets.
- Follow all local laws and regulations regarding ammunition reloading.
- Regularly inspect your equipment for wear and damage. Replace any damaged components immediately.

Specific Safety Precautions for Use

- Use only the correct cartridge size for the die set (260 Remington).
- Wear appropriate safety glasses to protect your eyes from debris during the reloading process.
- Avoid wearing loose clothing or jewelry that could get caught in machinery.
- Ensure your work area is clean and free from distractions while reloading.
- Do not exceed recommended powder charges as specified in reliable reloading manuals.
- Be aware of the signs of overpressure ammunition, including difficulty chambering, excessive recoil, or unusual noise.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Clean the die threads and the press threads before installation.
- Securely attach the full length sizing die to the reloading press, tightening it to prevent movement.
- Follow the same procedure for the standard seating die and the neck sizing die, ensuring each is properly aligned.

2. Using the Die Set:

- Begin with the full length sizing die to resize the brass cases. Follow the manufacturer's instructions for adjusting the die height.
- After resizing, use the neck sizing die if necessary, depending on your specific reloading needs.
- Use the standard seating die to seat the bullets into the cases. Adjust the die according to the desired overall length of the finished ammunition.

3. PostUsage:

- After use, clean the dies with a soft cloth to remove any residual lubricant or debris.
- Store the dies in the provided die box along with the spare decapping pin and hex wrench.

Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not throw away the die set in regular household waste. Instead, check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the DELUXE 3DIE SETS REDDING 260 REMINGTON 3 DIE SET, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Deluxe 3DIE Set. Thank you for your attention to safety.
