

DELUXE 3-DIE SETS - REDDING 243 WINCHESTER 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS

REDDING 243 WINCHESTER 3 DIE SET

Introduction

Thank you for choosing the Redding Deluxe 3DIE Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the die set in a wellventilated area to avoid inhaling any dust or particles.
- Keep the die set out of reach of children and unauthorized individuals.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the die set.
- Inspect the die set for any damage or defects before use. Do not use if damaged.
- Follow all applicable laws and regulations regarding reloading and ammunition production.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Metal shavings and debris may be produced during use. Handle with care to avoid cuts or injuries.
- Improper use of the dies may lead to ammunition that does not fit or function correctly.

- **Avoiding Hazards:**

- Always ensure that the dies are properly installed and tightened before use.
- Do not exceed recommended load limits when reloading ammunition.
- Use only components that are compatible with the 243 Winchester cartridge.
- Keep fingers and hands clear of moving parts during operation.

Instructions for Installation and Usage

- **Installation:**

1. Remove the die set from the packaging and inspect for any defects.
2. Place the fulllength sizing die in the press and tighten securely.
3. Install the standard seating die and neck sizing die in the same manner.
4. Ensure that all dies are aligned correctly and securely fastened before proceeding.

- **Usage:**

1. Adjust the dies according to the manufacturer's instructions for your specific reloading press.
2. Begin the reloading process by following standard reloading practices.
3. Use the fulllength sizing die first to resize the cartridge case.
4. Follow with the neck sizing die as needed for proper fit.
5. Use the standard seating die to seat the bullet to the desired depth.
6. Inspect each round for proper fit and function before use.

Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Recycle packaging materials where possible.
- Do not dispose of ammunition or components in regular household waste.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions and guidelines, you can ensure safe use of your Redding Deluxe 3DIE Set. Always prioritize safety while reloading to prevent accidents and ensure the best performance from your ammunition. Thank you for your attention to these important safety measures.
