

# TYPE S BUSHING FULL DIES - 6.5-284 NORMA BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [6.5-284 NORMA BUSHING FULL LENGTH TYPE S DIE](#)

# Safety Instruction Guide for TYPE S BUSHING FULL DIES 6.5284 NORMA

## Introduction

Thank you for purchasing the TYPE S BUSHING FULL DIES 6.5284 NORMA. This guide provides essential safety instructions and guidelines for the safe use of this product. Please read this manual carefully to ensure safe and effective operation.

## General Safety Guidelines

- Ensure the product is used only by individuals who are familiar with reloading and firearms.
- Store the dies in a dry, cool place away from direct sunlight and moisture.
- Regularly inspect the dies for any signs of wear or damage before use.
- Follow all manufacturer instructions and guidelines for use and maintenance.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Keep the reloading area clean and free of distractions to prevent accidents.
- Ensure that the dies are properly secured in the reloading press before use.
- Do not exceed the recommended loads or specifications provided by the manufacturer.
- Be aware that improper use of the dies can result in damage to the equipment or personal injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Remove any previous dies from the press before installation.
- Attach the TYPE S BUSHING FULL DIE to the press according to the manufacturer's instructions.
- Use the adjustable decapping rod to set the bushing position as needed.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die and lower the press handle to resize the case.
- Monitor the sizing process to ensure proper neck control and concentricity.
- After resizing, remove the cartridge case and inspect it for any issues.
- If using the die as a body die, remove the bushing and internal parts as instructed.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the TYPE S BUSHING FULL DIES 6.5284 NORMA, please refer to the

manufacturer's customer service resources or website for assistance.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your TYPE S BUSHING FULL DIES 6.5284 NORMA. Thank you for your attention to safety and compliance.
