

# STAINLESS NECK SIZING DIES - 222 REMINGTON BUSHING NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Designed so the user can control and/or change the amount of neck sizing the cartridge case receives. Uses interchangeable sizing bushings that size the outside of the case neck. The conventional expander is eliminated, improving concentricity and prolonging brass life. **\*\*NECK DIE BASE SOLD SEPARATELY\*\***  
The die is used with an Arbor Press. Sizes the neck to 3/16" from the mouth end, a practice many shooters prefer. Bushings not included. Dies include a decapping rod.

# Safety Instruction Guide for Stainless Neck Sizing Dies 222 Remington

## Introduction

Thank you for choosing the Stainless Neck Sizing Dies 222 Remington. This product is designed to enhance your reloading experience by allowing you to control the neck sizing of your cartridge cases. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and follow the manufacturer's instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that the workspace is clean, organized, and free from hazards.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Regularly inspect the product for wear and damage before use.
- Report any unsafe product conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Risk of injury from improper handling of the die.
- Risk of damage to the cartridge case if the sizing is not performed correctly.

### • Avoiding Hazards:

- Always use the die with an Arbor Press as intended.
- Do not exceed the recommended sizing limits; the die sizes the neck to 3/16" from the mouth end.
- Ensure that the bushing is properly installed before use.
- Do not attempt to modify the die or use it for purposes other than intended.

### • Age Specific Warnings:

- This product is not intended for use by children. Ensure that it is used only by individuals who are knowledgeable about reloading and firearm safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the Arbor Press is set up on a stable surface.
- Insert the Stainless Neck Sizing Die into the Arbor Press.
- Secure the die in place according to the Arbor Press manufacturer's instructions.
- Select and install the appropriate sizing bushing (sold separately) into the die.

### 2. Usage:

- Prepare the cartridge case by cleaning and inspecting it for defects.
- Place the cartridge case into the die.
- Operate the Arbor Press to size the neck of the cartridge case.
- Check the sizing after each operation to ensure the desired specifications are met.

- Remove the cartridge case from the die after sizing is complete.

### **3. PostUsage:**

- Clean the die and bushing after use to remove any debris or residue.
- Store the die in a safe and dry location, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn parts according to local regulations.
- Do not dispose of the product in general waste; check for recycling options specific to metals and plastics.
- Ensure that all components are disposed of in a way that prevents environmental harm.

## **Contact Information for Further Support**

For further support and inquiries related to safety, please refer to the manufacturer's website or customer service resources. Ensure you have your product information ready for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience with your Stainless Neck Sizing Dies 222 Remington. Thank you for prioritizing safety in your reloading activities.
