

STAINLESS NECK SIZING DIES - 22-250 REMINGTON BUSHING NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Designed so the user can control and/or change the amount of neck sizing the cartridge case receives. Uses interchangeable sizing bushings that size the outside of the case neck. The conventional expander is eliminated, improving concentricity and prolonging brass life. ****NECK DIE BASE SOLD SEPARATELY****
The die is used with an Arbor Press. Sizes the neck to 3/16" from the mouth end, a practice many shooters prefer. Bushings not included. Dies include a decapping rod.

Safety Instruction Guide for Stainless Neck Sizing Dies 22250 Remington Bushing Neck Sizing Die

Introduction

Thank you for choosing the Stainless Neck Sizing Dies 22250 Remington Bushing Neck Sizing Die. This product is designed to allow users to control the neck sizing of their cartridge cases effectively. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always use this product in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Ensure that the work area is clean, welllit, and free from distractions when using the die.
- Keep the die and all components out of reach of children and unauthorized users.
- Inspect the die and its components for any damage or wear before each use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling cartridges and reloading equipment.
- Be aware of your surroundings and ensure that no one is in close proximity while using the die.

Specific Safety Precautions for Use

- **Hazard Identification:** The die is designed for use with an Arbor Press. Improper use may lead to injury.
- **Avoid Overloading:** Do not exceed the recommended sizing specifications to prevent damage to the die or injury.
- **Interchangeable Bushings:** Ensure that the correct sizing bushing is used for your specific cartridge. Incorrect bushings can lead to unsafe loading conditions.
- **No Expander:** The absence of a conventional expander may require additional care when handling sized cases. Ensure proper handling to avoid damaging the neck of the case.
- **Decapping Rod:** Use the included decapping rod only as intended. Misuse may lead to injury or damage to the die.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools and materials, including the die, Arbor Press, and appropriate sizing bushings.
2. **Installation:**
 - Secure the die in the Arbor Press according to the manufacturer's instructions.
 - Ensure that the die is properly aligned before use.
3. **Sizing Process:**
 - Insert the cartridge case into the die.
 - Use the Arbor Press to apply even pressure until the desired neck size is achieved.
 - Do not force the press beyond its capacity.
4. **PostUse Care:**
 - Remove the sized cartridge case from the die.
 - Clean the die and its components after each use to prevent buildup and ensure longevity.
5. **Storage:** Store the die and all components in a dry, secure place, away from children and pets.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that any materials used in the reloading process are disposed of safely to prevent environmental harm.

- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please contact the manufacturer or refer to the product's official website for support resources.

By following these safety guidelines and instructions, you can ensure a safe and effective experience while using the Stainless Neck Sizing Dies 22250 Remington Bushing Neck Sizing Die. Thank you for your attention to safety and proper usage.
