

# ULTRA™ MICROMETER SEATER DIES - 7MM REMINGTON MAGNUM MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [7MM REMINGTON MAGNUM MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006720
- Mfr. No.: U00085

# ULTRA™ MICROMETER SEATER DIES 7MM REMINGTON MAGNUM Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES 7MM REMINGTON MAGNUM. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your reloading die. Please read this manual thoroughly before use.

## General Safety Guidelines

- Always handle reloading dies with care to prevent injury.
- Store dies in a dry, secure location away from children and pets.
- Ensure a clean and organized workspace to minimize accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Familiarize yourself with the specific reloading equipment and procedures before use.
- Follow all manufacturer guidelines and safety instructions.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the specific cartridge you are reloading (7mm Remington Magnum).
- Avoid overtightening the die, which may cause damage or malfunction.
- Check for any signs of wear or damage before each use and replace any defective parts.
- Do not exceed the recommended load specifications for your cartridges.
- Be aware of the potential risks associated with handling and storing ammunition components.
- Keep all reloading materials, including powders and primers, in their original containers and out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted to a stable surface.
- Carefully insert the ULTRA™ MICROMETER SEATER DIE into the reloading press as per the manufacturer's instructions.
- Tighten the die using the Forster Cross Bolt Die Locking Ring to secure it in place.

### 2. Usage:

- Set the micrometer adjustment to the desired bullet seating depth, ranging from .0005 inch to .001 inch increments.
- Place a case in the shell holder and ensure it is properly aligned.
- Insert the bullet into the case mouth and raise the ram to seat the bullet.
- After seating, check the bullet depth using a caliper to ensure accuracy.
- Repeat the process for additional rounds, adjusting the micrometer as necessary for different bullet types.

## Disposal Instructions

- Dispose of any used or defective reloading dies in accordance with local regulations.
- Do not discard in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the manufacturer's website or contact their customer service for assistance.

## Conclusion

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with your ULTRA™ MICROMETER SEATER DIES 7MM REMINGTON MAGNUM. Always prioritize safety and stay informed about the best practices for reloading. Thank you for your attention to these important guidelines.
