

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

## 7MM REMINGTON SAUM MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Ultra? Micrometer Seater Die, 7mm Rem Short Action Ultra Mag

### Attributes

- Name: [FORSTER PRODUCTS, INC. 7MM REMINGTON SAUM MICROMETER SEATER DIE](#)

# ULTRA™ Micrometer Seater Die Safety Instructions

## Introduction

Thank you for choosing the ULTRA™ Micrometer Seater Die, designed for use with the 7mm Remington SAUM (Short Action Ultra Mag) cartridge. This guide provides essential safety instructions to ensure safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Use the die only for its intended purpose as described in this manual.
- Ensure that your work area is clean, welllit, and free of distractions.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when handling ammunition and reloading equipment.
- Do not use the die if you are tired, under the influence of drugs or alcohol, or distracted.
- Ensure that the die is securely installed in your reloading press before use.
- Avoid overtightening the die during installation to prevent damage.
- Follow all manufacturer recommendations regarding cartridge specifications and reloading practices.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion or injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is turned off and unplugged.
- Select the appropriate shell holder for the 7mm SAUM cartridge.
- Thread the ULTRA™ Micrometer Seater Die into the reloading press until it is snug but not overtightened.
- Adjust the die to the desired seating depth using the micrometer feature.

### 2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Insert the prepared case into the shell holder of the reloading press.
- Place a bullet on top of the case mouth.
- Pull the handle of the reloading press to seat the bullet to the desired depth.
- Inspect the completed round for proper seating and overall quality.

## Disposal Instructions

- Dispose of any defective or damaged dies in accordance with local regulations.
- Do not throw away the die in regular household waste.
- Check for local hazardous waste disposal programs for proper disposal of reloading equipment.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the ULTRA™ Micrometer Seater Die, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your equipment are our top priorities. Enjoy your reloading experience with the ULTRA™ Micrometer Seater Die!
