

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - 22 BR FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Attributes

- Name: [22 BR FULL LENGTH DIE SET](#)

Safety Instruction Guide for FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS 22 BR FULL LENGTH DIE SET

Introduction

Thank you for choosing the Forster Bench Rest Reloading Die Set. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide thoroughly before using the die set.

General Safety Guidelines

- Ensure safe use of the die set by following all instructions.
- Be aware of potential hazards associated with reloading.
- Always wear appropriate safety gear, including eye protection, when using the die set.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for wear or damage before each use.
- Store the die set in a dry, secure location when not in use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for reloading.
- Use only the appropriate cartridges specified for this die set (22 BR).
- Ensure that the work area is wellventilated and free from distractions.
- Handle all components with care to avoid injury.
- Do not exceed recommended loads as specified in reloading manuals.
- Be cautious of any unexpected changes in the operation of the die set.
- Do not modify the die set or use it for any purpose other than intended.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is compatible with the Forster die set.
- Remove any previous dies from the press.
- Insert the full length sizing die into the press and securely tighten it.
- Install the Forster Bench Rest seater die in the same manner.
- Adjust the dies according to the manufacturer's instructions.

2. Usage

- Before starting, read the reloading manual for specific instructions on the 22 BR cartridge.
- Prepare your workspace by ensuring that all tools and materials are within reach.
- Follow the recommended steps for resizing and seating bullets as outlined in the reloading manual.
- Monitor the process closely, and stop immediately if you notice any issues.
- After reloading, clean the dies and store them properly.

Disposal Instructions

- Dispose of any damaged or unusable components of the die set in accordance with local regulations.
- Ensure that all materials used in the reloading process are disposed of safely, including spent cartridges

and primers.

- Do not dispose of reloading materials in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Forster Bench Rest Reloading Die Set, please consult the manufacturer's website or contact their customer support team.
