

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 6.5 GRENDEL FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Bench Rest? Seater & Full Length Die Set 6.5 Grendel

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS FORSTER PRODUCTS, INC. 6.5 GRENDL FULL LENGTH DIE SET Safety Instructions

Introduction

Thank you for choosing the FULL LENGTH SIZING AND BENCH REST SEATER DIE SET from Forster Products, Inc. This product is designed for the safe and efficient resizing and seating of 6.5 Grendel cartridges. It is essential to read and understand these safety instructions to ensure proper use and to minimize risks associated with reloading ammunition.

General Safety Guidelines

- Always treat all reloading equipment as if it is loaded.
- Keep the reloading area clean and organized to prevent accidents.
- Ensure that your workspace is wellventilated.
- Store all reloading components, including dies, in a secure location away from children and unauthorized users.
- Use only the recommended components and follow the manufacturer's instructions for all products.
- Regularly inspect your equipment for wear or damage before use.
- Be aware of the legal requirements for reloading and ammunition in your area.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from improper handling of reloading tools.
- Risk of explosion from incorrect powder handling or storage.
- Potential for environmental contamination from improper disposal of materials.

• Avoiding Hazards:

- Use protective eyewear and gloves when handling reloading components.
- Do not smoke or have open flames near the reloading area.
- Ensure that the die set is securely attached to the reloading press before use.
- Follow all manufacturer guidelines for the specific cartridges being used.
- Doublecheck the powder charge and bullet seating depth before finalizing any rounds.

• Age Specific Warnings:

- This product is intended for use by individuals aged 18 years and older.
- Keep all reloading equipment out of reach of children.

Instructions for Installation and Usage

• Installation:

1. Ensure that your reloading press is clean and free from debris.
2. Select the appropriate die from the set for your specific task (sizing or seating).
3. Securely attach the die to the reloading press according to the manufacturer's instructions.
4. Adjust the die to the desired height for your specific cartridge.

- **Usage:**

1. Begin by measuring the length of your brass cases to ensure they are within acceptable limits.
2. Use the sizing die to resize the brass cases, ensuring they fit properly in the chamber of your firearm.
3. After resizing, inspect the cases for any signs of damage or wear.
4. Use the seating die to properly seat bullets to the correct depth.
5. Regularly check for consistent bullet seating and make adjustments as necessary.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Recycle brass casings whenever possible.
- Do not dispose of powder or primers in regular trash; check local hazardous waste disposal guidelines.
- Ensure that all waste materials are stored securely until disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the FULL LENGTH SIZING AND BENCH REST SEATER DIE SET, please refer to the manufacturer's contact information provided with your product. Always ensure that you have the latest safety updates and product information.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and remain informed about best practices in ammunition reloading. Thank you for your commitment to safe reloading practices.
