

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

## 243 WINCHESTER MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

### Attributes

- Name: [FORSTER PRODUCTS, INC. 243 WINCHESTER MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES by Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to seat bullets in reloading applications.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the product out of reach of children and unauthorized individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended specifications for bullet seating depth. Overloading may cause malfunctions or accidents.
- **Use Proper Tools:** Only use tools that are specifically designed for use with reloading dies. Improper tools can lead to accidents.
- **Maintain Cleanliness:** Keep the work area and the product clean. Dust and debris can affect the performance and safety of the equipment.
- **Follow Manufacturer Instructions:** Always adhere to the instructions provided by Forster Products, Inc. for the safe use of the ULTRA™ MICROMETER SEATER DIES.
- **Store Safely:** When not in use, store the product in a safe location to prevent unauthorized access or accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with Forster dies.
- Clean the die and press before installation to remove any debris.
- Screw the die into the press until it is securely in place, but do not overtighten.

### 2. Usage:

- Adjust the micrometer to your desired bullet seating depth. The adjustment can be made in increments of .0005 inch to .001 inch.
- Place a cartridge case in the press and ensure it is positioned correctly.
- Insert the bullet into the case mouth and lower the ram to seat the bullet.
- Check the seating depth with a caliper to ensure accuracy.
- Repeat the process for additional rounds, adjusting the micrometer as necessary.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact your local waste management authority for proper disposal methods.

- Ensure that any hazardous materials are handled and disposed of safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the Forster Products, Inc. website or your local distributor for further support. They can provide additional information and assistance regarding product safety and usage.

By adhering to these safety instructions, you can ensure a safe and efficient reloading experience. Thank you for your attention to these important guidelines.
