

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

30-06 SPRINGFIELD MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 30-06 SPRINGFIELD MICROMETER SEATER DIE](#)

ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading dies. Please read this document carefully before using the product.

General Safety Guidelines

- Product Safety: Ensure safe use of the ULTRA™ MICROMETER SEATER DIES by following all instructions and guidelines provided in this manual.
- Enhanced Recalls: Stay informed about product recalls and safety notices. Check the manufacturer's website for any updates regarding your product.
- Online Shopping: If purchased online, ensure that the seller complies with safety regulations applicable in your region.
- Special Consumer Focus: Extra care should be taken if the product is used in environments where children may be present.
- EU Contact Point: For any safety inquiries, please refer to the manufacturer's designated EU contact point.
- Rapid Alerts: Be aware of the EU Safety Gate system for updates on unsafe products.

Specific Safety Precautions for Use

- Always use the ULTRA™ MICROMETER SEATER DIES in accordance with the manufacturer's instructions.
- Ensure that the reloading area is welllit and free from distractions.
- Wear appropriate eye protection when reloading ammunition.
- Keep the reloading dies and components out of reach of children and unauthorized users.
- Inspect the dies for any signs of wear or damage before each use. Do not use damaged equipment.
- Follow all local laws and regulations regarding reloading ammunition.
- Store the dies in a secure location when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Select the appropriate die for the cartridge you are reloading (3006 Springfield).
- Thread the ULTRA™ MICROMETER SEATER DIE into the reloading press according to the manufacturer's instructions.
- Tighten the die securely, but do not overtighten.

2. Usage:

- Set the micrometer adjustment to your desired bullet seating depth (from .0005 inch to .001 inch increments).
- Place a cartridge case in the reloading press and ensure it is properly aligned.
- Insert a bullet into the case mouth.
- Pull the handle of the reloading press to seat the bullet.
- Check the seating depth with a caliper to ensure accuracy.
- If necessary, adjust the micrometer and repeat the process until the desired depth is achieved.
- Document your settings for future reference.

Disposal Instructions

- Dispose of any unused or expired components according to local regulations.
- Do not throw away the reloading dies in regular trash. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all components are safely stored or disposed of to prevent accidents.

Contact Information for Further Support

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the manufacturer's website or contact their designated support team.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. Always prioritize safety and adherence to guidelines when handling ammunition and reloading equipment.
