

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 223 REMINGTON FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Attributes

- Name: [FORSTER PRODUCTS, INC. 223 REMINGTON FULL LENGTH DIE SET](#)

Safety Instruction Guide for Forster Full Length Sizing and Bench Rest Seater Die Sets

Introduction

Thank you for choosing the Forster Full Length Sizing and Bench Rest Seater Die Sets. These dies are designed to provide excellent quality and precision for reloaders. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean, organized, and welllit.
- Keep the dies and reloading equipment out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Be aware of your surroundings and ensure that you are not distracted while reloading.
- Regularly check the dies for wear and damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp edges: The dies may have sharp edges that can cause cuts.
- Heavy materials: The dies are made of steel and can be heavy, which may lead to injury if dropped.
- Hot surfaces: Dies may become hot during use; handle with care.

- **Avoiding Hazards:**

- Always handle dies with care to avoid cuts and injuries.
- Use proper lifting techniques when handling heavy materials.
- Allow dies to cool down before handling after use.

- **AgeSpecific Warnings:**

- This product is not intended for use by children. Ensure that only adults or trained individuals operate the reloading equipment.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is securely mounted and stable.
2. Carefully unpack the die set and inspect for any visible damage.
3. Follow the manufacturer's instructions to install the full length sizing die and the bench rest seater die onto your reloading press.
4. Make sure the dies are tightened securely to prevent movement during operation.

- **Usage:**

1. Prepare your workspace by gathering all necessary materials, including brass cases, bullets, powder, and primers.

2. Adjust the full length sizing die according to your desired specifications.
3. Insert a brass case into the sizing die and operate the press to resize the case.
4. Repeat the process for all cases to be reloaded.
5. Use the bench rest seater die to carefully seat bullets into the resized cases.
6. Follow all recommended load data and safety practices when charging cases with powder and inserting primers.

Disposal Instructions

- Dispose of any unused or damaged reloading materials in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent harm to the environment or others.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For safety inquiries and support, please refer to the manufacturer's official website or customer service channels. It is important to have access to reliable information regarding the safe use and maintenance of your reloading equipment.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing and Bench Rest Seater Die Sets. Thank you for prioritizing safety in your reloading activities.
