

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

## 6.5-284 WINCHESTER MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

### Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5-284 WINCHESTER MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006857

# Safety Instruction Guide for ULTRA™ Micrometer Seater Dies

## Introduction

Thank you for choosing the ULTRA™ Micrometer Seater Dies from Forster Products, Inc. This product is designed to help you produce highquality, concentric rounds for your reloading needs. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions and guidelines. This product is not a toy and should not be used by children or individuals without proper training.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive notice of a recall, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** If purchased online, ensure the platform complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** Extra care should be taken to keep this product out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, please refer to the contact information provided with the product packaging or on the manufacturer's website.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Read the Manual:** Always read the instruction manual before using the product.
- **Wear Protective Gear:** Use safety glasses and gloves when reloading to protect against potential hazards.
- **Check for Damage:** Inspect the die before use for any signs of damage or wear. Do not use a damaged die.
- **Keep Workspace Clean:** Maintain a clean and organized workspace to prevent accidents.
- **Follow Load Data:** Use only recommended load data for your specific cartridge to avoid dangerous overloading.
- **Store Properly:** Store dies in a secure place, away from children and pets.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Carefully screw the ULTRA™ Micrometer Seater Die into the press until it is firmly in place.
- Adjust the die to the desired height for bullet seating.

### 2. Usage:

- **Setting Bullet Seating Depth:**
  - Use the micrometer adjustment to set the bullet seating depth. Adjust in increments of .0005 inch to .001 inch for precision.
  - Record your settings for future reference.
- **Seating Bullets:**
  - Place a cartridge case in the press and insert the bullet into the case mouth.
  - Pull the handle of the press to seat the bullet to the desired depth.

- **Switching Bullets:**

- If changing to a different bullet, simply dial back to your previous recorded setting for quick adjustment.

## **Disposal Instructions**

- **Proper Disposal:** Dispose of any packaging materials in accordance with local regulations.
- **Recycling:** If applicable, recycle components of the product in accordance with local recycling guidelines.
- **Hazardous Waste:** Do not dispose of any components in regular household waste if they are deemed hazardous. Check local regulations for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the ULTRA™ Micrometer Seater Dies, please refer to the contact information provided with the product packaging or visit the manufacturer's website for further assistance.
