

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

22-250 REMINGTON MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 22-250 REMINGTON MICROMETER SEATER DIE](#)

ULTRA™ MICROMETER SEATER DIES CONSUMER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This product is designed for precision reloading of ammunition. To ensure your safety and the proper use of this product, please read and follow these guidelines carefully.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that your workspace is clean, organized, and free of distractions.
- Keep all reloading components, including dies, out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Be aware of the specific hazards associated with handling ammunition components, including lead exposure and potential for injury.
- Regularly inspect your equipment for wear and damage before use.

Specific Safety Precautions for Use

- Read the instruction manual thoroughly before using the ULTRA™ MICROMETER SEATER DIES.
- Ensure that the die is compatible with the 22250 Remington cartridge.
- Only use this die for its intended purpose: seating bullets.
- Do not exceed the manufacturer's recommended load specifications.
- Make sure the micrometer adjustment is properly calibrated before use.
- Avoid distractions while operating the reloading equipment to maintain focus.
- Store reloading components in a cool, dry place, away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted on a stable surface.
- Insert the ULTRA™ MICROMETER SEATER DIE into the press according to the manufacturer's instructions.
- Tighten the locking ring securely to hold the die in place.

2. Usage:

- Adjust the micrometer setting to your desired bullet seating depth. The settings can be adjusted in increments of .0005 inch to .001 inch.
- Place a cartridge case in the shell holder of the press.
- Insert the bullet into the case mouth.
- Activate the press to seat the bullet to the desired depth.
- Check the seating depth with a caliper for accuracy. If adjustments are necessary, simply dial back to your previous recorded setting.
- Repeat the process for each cartridge, ensuring consistent results.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not discard spent primers or other hazardous materials in regular waste.

- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided by the retailer or manufacturer.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the ULTRA™ MICROMETER SEATER DIES. Always prioritize safety and be mindful of the potential hazards associated with reloading ammunition. Thank you for choosing Forster Products, Inc.
