

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

## 6MM BR MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

### Attributes

- Name: [FORSTER PRODUCTS, INC. 6MM BR MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES by Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure safe use of the ULTRA™ MICROMETER SEATER DIES by following these guidelines:
  - Always wear appropriate safety gear, including safety glasses and hearing protection when reloading.
  - Keep the working area clean and organized to prevent accidents.
  - Store the dies in a dry, secure location away from children and pets.
  - Regularly inspect the dies for any signs of wear or damage before each use.
  - Follow all manufacturer instructions and guidelines for use.

## Specific Safety Precautions for Use

- When using the ULTRA™ MICROMETER SEATER DIES, please observe the following precautions:
  - Do not exceed the recommended bullet seating depths as indicated in the product specifications.
  - Ensure that the die is securely attached to the reloading press before use.
  - Avoid placing your hands near the die during operation to prevent injury.
  - Do not modify or alter the die in any way, as this can lead to unsafe conditions.
  - Only use the product for its intended purpose of bullet seating.

## Instructions for Installation and Usage

- Follow these steps to properly install and use the ULTRA™ MICROMETER SEATER DIES:
  1. **Installation:**
    - Clean the threads of the die and the reloading press before installation.
    - Screw the die into the press until it is snug but do not overtighten.
    - Use the Forster Cross Bolt Die Locking Ring to secure the die in place.
  2. **Adjusting the Micrometer:**
    - To set the bullet seating depth, rotate the micrometer adjustment to the desired setting.
    - For fine adjustments, turn the micrometer in increments of .0005 inch to .001 inch.
  3. **Seating Bullets:**
    - Insert a case into the shell holder of the press.
    - Place a bullet on top of the case mouth.
    - Pull the handle of the press to seat the bullet to the adjusted depth.
    - Repeat the process for additional rounds, ensuring to check the depth as needed.

## Disposal Instructions

- When disposing of the ULTRA™ MICROMETER SEATER DIES:
  - Follow local regulations regarding the disposal of metal products.
  - Do not dispose of the dies in regular household waste.
  - If the dies are damaged or no longer usable, consider recycling them at a facility that accepts metal products.

## Contact Information for Further Support

- For any safety inquiries or additional support, please reach out to the manufacturer directly. Ensure that you have the product details ready for a more efficient response.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with your ULTRA™ MICROMETER SEATER DIES. Thank you for your commitment to safety!
