

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 6X47MM LAPUA MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6X47MM LAPUA MICROMETER SEATER DIE](#)

ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and understand all instructions before using the product to minimize risks and ensure optimal performance.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the product out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.
- Regularly inspect the die for any signs of damage or wear before use. Do not use a damaged die.
- Store the die in a safe, dry place when not in use to prevent damage and ensure longevity.
- Dispose of any packaging materials responsibly and in accordance with local regulations.

Specific Safety Precautions for Use

- Handle all components of the reloading system with care to avoid injury.
- Ensure that the die is securely mounted in the reloading press before use.
- Do not exceed the recommended bullet seating depth settings to avoid dangerous situations.
- Keep hands and other body parts clear of moving parts during operation.
- Follow proper reloading procedures and guidelines to avoid accidents.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion if improper materials are used.
- Always check that the die is clean and free of debris before each use.

Instructions for Installation and Usage

1. Installation:

- Carefully unpack the ULTRA™ MICROMETER SEATER DIE from its packaging.
- Inspect the die for any damage or defects.
- Securely mount the die into the reloading press, ensuring it is properly aligned.
- Tighten the Forster Cross Bolt Die Locking Ring to secure the die in place.

2. Usage:

- Adjust the micrometer setting to the desired bullet seating depth. This can be done in increments of .0005 inch to .001 inch.
- Insert the bullet into the case mouth and position it under the die.
- Operate the reloading press to seat the bullet to the specified depth.
- After seating, check the bullet depth using a caliper to ensure accuracy.
- If switching to a different bullet, simply dial back to your previous recorded setting for quick adjustments.

Disposal Instructions

- Dispose of the ULTRA™ MICROMETER SEATER DIE responsibly at the end of its life cycle.
- Follow local regulations for the disposal of metal and mechanical components.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further support related to the ULTRA™ MICROMETER SEATER DIES, please refer to the manufacturer's website or contact their customer service directly.

Note: This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). Always prioritize safety and follow the guidelines provided in this document to ensure a safe reloading experience.
