

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

6.5X47MM LAPUA MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5X47MM LAPUA MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006862

ULTRA™ Micrometer Seater Dies Safety Instructions

Introduction

Thank you for choosing the ULTRA™ Micrometer Seater Dies by Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before use.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is suitable for your specific reloading needs.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use.
- Do not modify the product in any way that may compromise its safety or functionality.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the ULTRA™ Micrometer Seater Dies only with compatible cartridges (6.5 x 47 mm Lapua).
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when reloading.
- Ensure that your reloading workspace is clean and free from obstructions.
- Be aware of the potential hazards associated with reloading components, including primers and powder.
- Follow all local laws and regulations regarding the storage and use of reloading materials.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure your reloading press is securely mounted and stable.
- Carefully screw the ULTRA™ Micrometer Seater Die into the press until it is snug.
- Use the Forster Cross Bolt Die Locking Ring to secure the die in place without damaging the threads.

2. Setting Up the Micrometer Adjustment:

- Adjust the micrometer to the desired bullet seating depth by turning the micrometer knob.
- Confirm your setting by measuring the depth with a caliper or similar tool.
- Always return to your previously recorded setting when switching bullets.

3. Reloading Process:

- Start with clean and properly sized brass cases.
- Use the appropriate powder and bullets as per your load data.
- Seat the bullet gently into the case mouth and then apply pressure using the press handle.
- Check the bullet seating depth after each adjustment to ensure accuracy.

4. PostUse Care:

- Clean the die after use to remove any debris or residue.
- Store the die in a safe and dry location to prevent rust and damage.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact local waste management for proper disposal methods.
- Ensure that the product packaging is recycled where possible.

Contact Information for Further Support

For any inquiries regarding the ULTRA™ Micrometer Seater Dies, please reach out to your local distributor or the manufacturer directly. Always keep your product's manual for reference and safety guidelines.

Please remember to follow these safety instructions to ensure a safe and enjoyable reloading experience. Your safety is our priority.
