

# Sinclair Speed Screw - SINCLAIR INTERNATIONAL SHOOTING REST SPEED SCREW, 3/8"X16 THREADS

[Shooting Accessories](#) > [Shooting Rests](#) > [Shooting Rest Accessories](#)

The Speed Screw replaces the rear leg in the Sinclair Rifle Rest. It is used for high speed vertical travel between the record target and the sighter target, and for quick fine-tune vertical adjustments. All stainless steel construction and quality machining make this product work flawlessly. NOTE: 3/8"-16 thread Speed Screw works with Gen II Sinclair rests, Hart, Bald Eagle and others with 3/8"-16 leg threads. 1/2"-20 thread Speed Screw works for the new Sinclair Heavy Varmint Rests and Sinclair Competition Rests.

# Sinclair Speed Screw Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair Speed Screw. This product is designed to enhance the functionality of your Sinclair Rifle Rest, allowing for highspeed vertical adjustments. It is important to use this product safely and correctly to ensure optimal performance and to minimize risks associated with its use.

## General Safety Guidelines

- Ensure the product is suitable for your specific rifle rest model.
- Always inspect the Speed Screw for damage before use.
- Use the product only as intended, following all instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to instability during use.
- Damaged screws can cause malfunction or accidents.
- Misuse can lead to personal injury or damage to equipment.

### • Instructions for Avoiding Hazards:

- Always ensure the Speed Screw is securely tightened before use.
- Do not exceed the recommended weight limits of your rifle rest.
- Regularly check for wear and tear on the Speed Screw and replace if necessary.
- Avoid using the Speed Screw in wet or slippery conditions.

### • Age Specific Warnings:

- This product is not intended for use by children. Keep it stored safely away from their reach.

## Instructions for Installation and Usage

### 1. Installation:

- Confirm that your rifle rest is compatible with the 3/8"16 thread Speed Screw.
- Remove the existing rear leg from the rifle rest.
- Align the Speed Screw with the threaded hole and screw it in clockwise until secure.
- Ensure that the Speed Screw is firmly tightened, but do not overtighten.

### 2. Usage:

- To adjust the height, turn the Speed Screw clockwise to raise and counterclockwise to lower.
- Make fine adjustments carefully to avoid sudden changes in height.
- Always ensure the rifle rest is stable before making any adjustments.

### 3. Maintenance:

- Regularly clean the Speed Screw and surrounding area to prevent debris buildup.

- Inspect the Speed Screw for signs of wear, rust, or damage before each use.
- Replace the Speed Screw if you notice any defects.

## **Disposal Instructions**

- Dispose of the Speed Screw in accordance with local regulations for metal waste.
- Do not dispose of the product in household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries or safety concerns regarding the Sinclair Speed Screw, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using the Sinclair Speed Screw. Enjoy your shooting experience!
