

COMPETITION HANDGUN BULLET SEATER DIES - REDDING

COMPETITION SEATER DIE 9MM LUGER

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

These seater dies have a precision fitting bullet seating stem which is spring loaded. As the bullet and case move up into the seater positive alignment is insured. The micrometer adjustment on the seating stem simplifies setting and recording bullet seating depth. The micrometer is calibrated in .001 inch increments, is infinitely adjustable, and has a zero set feature. This seater has no crimping features. Crimping should be done with a separate Redding Profile Crimp or Taper Crimp die. The Competition seating die for the handgun and straight wall cases is compatible with most progressive reloading presses.

Safety Instruction Guide for Redding Competition Handgun Seater Die 9mm Luger

Introduction

Thank you for choosing the Redding Competition Handgun Seater Die for 9mm Luger. This product is designed for precision bullet seating in handgun and straight wall cases. To ensure your safety and the safety of others, please read this guide carefully before using the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that your workspace is clean and organized to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Use only in accordance with applicable laws and regulations.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use may lead to personal injury or damage to equipment.
 - Ensure that the die is compatible with your reloading press before use.
- **Avoiding Hazards:**
 - Always wear appropriate safety gear, including safety glasses.
 - Do not exceed the recommended bullet seating depth.
 - Ensure that the bullet seating stem is properly adjusted before use.
- **AgeRelated Warnings:**
 - This product is intended for use by individuals over the age of 18 or those under adult supervision.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your reloading press is clean and free of debris.
 2. Insert the Redding Competition Seater Die into the press according to the manufacturer's instructions.
 3. Secure the die firmly in place to prevent movement during operation.
- **Usage:**
 1. Adjust the micrometer on the seating stem to your desired bullet seating depth, ensuring it is calibrated in .001 inch increments.
 2. Place a cartridge case into the press and raise it into the die.
 3. Carefully insert the bullet into the case mouth.
 4. Lower the press handle to seat the bullet. Ensure positive alignment throughout the process.
 5. Repeat the process for additional cartridges as needed.
 6. After use, clean the die to maintain its precision and functionality.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials and recycling.
- Do not dispose of in regular household waste. Check for local recycling programs for metal materials.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Handgun Seater Die, please refer to the manufacturer's contact information provided in the product packaging or visit the official Redding website for support.

Thank you for prioritizing safety while using the Redding Competition Handgun Seater Die. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
