

COMPETITION HANDGUN BULLET SEATER DIES - REDDING

COMPETITION SEATER DIE 38 SPECIAL, 357 MAG

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

These seater dies have a precision fitting bullet seating stem which is spring loaded. As the bullet and case move up into the seater positive alignment is insured. The micrometer adjustment on the seating stem simplifies setting and recording bullet seating depth. The micrometer is calibrated in .001 inch increments, is infinitely adjustable, and has a zero set feature. This seater has no crimping features. Crimping should be done with a separate Redding Profile Crimp or Taper Crimp die. The Competition seating die for the handgun and straight wall cases is compatible with most progressive reloading presses.

Attributes

Safety Instruction Guide for Redding Competition Handgun Seater Dies

Introduction

Thank you for choosing the Redding Competition Handgun Seater Dies for your reloading needs. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual thoroughly before using the product.

General Safety Guidelines

- Ensure that you are familiar with all safety practices related to reloading ammunition.
- Always wear appropriate personal protective equipment, including safety glasses and gloves.
- Keep the workspace clean and organized to avoid accidents.
- Store the dies in a safe place, out of reach of children and unauthorized individuals.
- Be aware of the specific characteristics of the cartridges you are working with, including the 357 Magnum and 38 Special.
- Regularly check for any recalls or safety alerts related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the seater dies for any purpose other than bullet seating.
- Ensure that the bullet seating stem is properly adjusted before use to avoid misalignment.
- Avoid overtightening the micrometer adjustment, as it may cause damage to the die.
- Never attempt to crimp cartridges with this die; use a separate Redding Profile Crimp or Taper Crimp die for crimping.
- Always follow the manufacturer's instructions and recommendations for the proper use of the dies.
- If you experience any difficulties or irregularities during use, stop immediately and consult the manufacturer's support resources.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring your reloading press is securely mounted and stable.
- Remove any existing dies from the press if necessary.
- Insert the Redding Competition Handgun Seater Die into the die holder of your reloading press.
- Tighten the die securely using the locking ring to prevent movement during operation.

2. Setting Up the Seater Die:

- Adjust the bullet seating stem by turning the micrometer to the desired depth. The micrometer is calibrated in .001 inch increments for precise adjustments.
- Ensure that the zero set feature is activated for accurate measurements.

3. Reloading Process:

- Place a cartridge case into the shell holder of the press.
- Raise the ram to bring the case into contact with the seater die.
- Insert a bullet into the case mouth.
- Lower the ram to seat the bullet into the case, ensuring proper alignment.
- Repeat the process for additional cartridges, adjusting the seating depth as necessary.

4. PostUse:

- After use, clean the seater die to remove any residue or debris.
- Store the die in a safe and dry location, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any used or damaged dies in accordance with local regulations regarding metal waste.
- Do not dispose of the dies in regular household trash.
- If you are unsure about disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Handgun Seater Dies, please refer to the manufacturer's website or customer support resources. It is important to have access to assistance for safe and effective use of the product.

By following these safety instructions and guidelines, you can ensure a safe reloading experience with the Redding Competition Handgun Seater Dies. Always prioritize safety and adhere to best practices when handling and using reloading equipment.
