

# CO-AX PRIMER SEATER - FORSTER PRODUCTS, INC. CO-AX PRIMER SEATER

[Reloading](#) > [Priming Tools](#) > [Benchmount Tools](#)

Bench mounted priming tools have been popular with reloaders for years because they are faster and do a better job of primer seating than many of the press mounted primer seaters. The CO-AX Primer Seater from Forster has automatic shellholder jaws which close securely on most modern rifle and pistol cases (no additional shellholders needed). Primers stack sideways in the primer feed tubes for added safety, and the tubes are open in front so it is easy to view the remaining primer supply. The tool base is a quality machined casting and includes a built-in primer flip tray. Large and small rifle and pistol primer tubes are included.

Co-Ax? Primer Seater w/ E-Z-Just Shell Holder Jaws

## Attributes

- Name: [FORSTER PRODUCTS, INC. CO-AX PRIMER SEATER](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# COAX Primer Seater Safety Instruction Guide

## Introduction

Thank you for choosing the COAX Primer Seater from Forster Products, Inc. This product is designed to enhance your reloading experience by providing precision and ease of use. To ensure your safety and the optimal performance of the COAX Primer Seater, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always read and understand the instruction manual before using the COAX Primer Seater.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Do not use the product for any purpose other than its intended use.
- Regularly inspect the product for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Handle all components with care to avoid injury or damage.
- Ensure that the COAX Primer Seater is securely mounted before use.
- Do not exceed the manufacturer's recommended specifications for primer types and sizes.
- Keep hands and other body parts clear of moving parts during operation.
- If you experience any malfunction or unusual behavior, stop using the product immediately and consult the manual or a qualified technician.

## Instructions for Installation and Usage

### 1. Installation

- Choose a stable and flat surface for mounting the COAX Primer Seater.
- Use the provided hardware to securely attach the primer seater to your workbench or reloading station.
- Ensure that the EZJust Shell Holder Jaws are properly installed and adjusted according to the manual.

### 2. Usage

- Prepare your brass cases by cleaning and inspecting them before use.
- Insert the appropriate shell holder into the COAX Primer Seater.
- Place the brass case into the shell holder and ensure it is properly seated.
- Follow the instructions in the manual to insert and seat the primer into the case.
- Once the primer is seated, remove the case from the shell holder and check for proper seating.

## Disposal Instructions

- Dispose of any unused primers and components according to local hazardous waste disposal regulations.
- Do not throw away the product in regular household waste. Instead, check with local waste management authorities for proper disposal methods.
- Ensure that the product is decommissioned and rendered unusable before disposal.

## **Contact Information for Further Support**

For safety inquiries, support, or to report unsafe products, please consult your local authorities or the relevant EU contact point.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the COAX Primer Seater. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for choosing Forster Products, Inc.
