

TYPE S BUSHING NECK DIES - TYPE S BUSHING NECK DIE 6.5X47 LAPUA

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments. The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber. This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

Attributes

- Name: [TYPE S BUSHING NECK DIE 6.5X47 LAPUA](#)

Safety Instruction Guide for TYPE S BUSHING NECK DIES TYPE S BUSHING NECK DIE 6.5X47 LAPUA

Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE 6.5X47 LAPUA. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before using the die to ensure safe handling and operation.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the die and understand the associated risks.
- **Enhanced Recalls:** Be aware of the standardized recall notices and remedies for any dangerous products.
- **Online Shopping:** If purchased online, ensure the platform meets safety requirements similar to physical stores.
- **Special Consumer Focus:** Extra caution should be applied when this product is used by individuals who may be vulnerable, including children.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact provided by the manufacturer.
- **Rapid Alerts:** Stay updated on product safety via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the instruction manual before use.
- **Use Protective Gear:** Wear appropriate safety gear, including safety glasses and gloves, to protect against metal fragments and debris.
- **Work in a Safe Environment:** Ensure your workspace is clean, well-lit, and free from distractions.
- **Inspect Equipment:** Regularly inspect the die and related equipment for damage or wear. Do not use damaged equipment.
- **Keep Out of Reach of Children:** Store the die in a secure location away from children and unauthorized users.
- **Avoid OverAdjustment:** Do not force or overadjust the sizing bushing. Follow the manufacturer's guidelines for adjustments.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before beginning the installation.
- Ensure your reloading press is compatible with the die.

2. Installation:

- Securely mount the die in the reloading press according to the manufacturer's instructions.
- Adjust the decapping rod and sizing bushing to the desired settings.

3. Usage:

- Insert the case into the die and operate the reloading press smoothly.
- Monitor the process to ensure the bushing is selfcentering on the case neck.
- If resizing only a portion of the neck length, adjust the decapping rod accordingly.

- After use, clean the die to remove any residue.

4. Storage:

- Store the die in a dry, cool place, preferably in its original packaging or a dedicated container.
- Ensure that all components are accounted for and stored safely.

Disposal Instructions

- Dispose of any defective or unusable parts according to local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods for metal components.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the EU contact point provided by the manufacturer.

By following these guidelines, you can ensure the safe and effective use of the TYPE S BUSHING NECK DIE 6.5X47 LAPUA. Always prioritize safety in your reloading activities.
