

TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 257 ROBERTS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

Safety Instruction Guide for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 257 ROBERTS

Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 257 ROBERTS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die to ensure your safety and the safety of others.

General Safety Guidelines

- **Product Safety:** Always ensure that you are using the die according to the manufacturer's instructions. This product is designed for reloading ammunition and should be used only for its intended purpose.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. Check the EU Safety Gate platform for updates.
- **Online Shopping:** If you purchased this product online, ensure that the seller complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the product packaging or retailer for contact information.
- **Rapid Alerts:** Be aware that updates regarding unsafe products can be found on the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the user manual before using the die.
- **Inspect the Product:** Before each use, inspect the die for any damage or wear. Do not use if damaged.
- **Wear Safety Gear:** Use appropriate safety gear, including safety glasses and gloves, to protect yourself while reloading.
- **Work in a Safe Environment:** Ensure your workspace is clean, welllit, and free from distractions.
- **Avoid Overloading:** Do not overload the die or use it beyond its specified limits.
- **Keep Away from Flammable Materials:** Avoid using the die near flammable materials or substances.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Insert the TYPE S BUSHING NECK DIE into the press according to the manufacturer's instructions.
- Adjust the decapping rod to the desired position before securing the die.

2. Usage:

- Select the appropriate sizing bushing based on the desired neck size.
- If resizing only a portion of the neck length, adjust the bushing position as needed.
- Use the standard size button for decapping, unless you are neck sizing without it.
- Ensure that the resizing bushing is properly centered on the case neck for optimal concentricity.
- Follow all reloading safety practices, including using the correct powder and bullet specifications.

Disposal Instructions

- **Dispose of Safely:** Do not dispose of the die in regular household waste. Follow local regulations for the disposal of metal products.
- **Recycling:** If possible, recycle the die at a designated recycling facility.
- **Environmental Considerations:** Ensure that any leftover materials used during reloading are disposed of in an environmentally friendly manner.

Contact Information for Further Support

For additional information or support, please refer to the product packaging or contact your retailer. Always keep the receipt and any warranty information in a safe place.

By following these safety instructions, you can ensure a safer reloading experience with the TYPE S BUSHING NECK DIE 257 ROBERTS. Thank you for prioritizing safety!
