

# TYPE S BUSHING FULL DIES - REDDING 338 LAPUA MAGNUM BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [REDDING 338 LAPUA MAGNUM BUSHING FULL LENGTH TYPE S DIE](#)

# Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 338 LAPUA MAGNUM BUSHING FULL LENGTH TYPE S DIE

## Introduction

Thank you for choosing the Redding Type S Bushing Full Length Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

## General Safety Guidelines

- Always wear appropriate safety gear, including eye protection, when handling reloading equipment.
- Ensure that your workspace is clean and free of any obstructions.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Be aware of the potential hazards associated with reloading, including the handling of primers and gunpowder.
- Follow all local laws and regulations related to reloading and ammunition manufacturing.
- Regularly inspect your equipment for wear and damage. Replace any worn or damaged parts immediately.

## Specific Safety Precautions for Use

- Use only the recommended cartridge, which is the .338 Lapua Magnum, with this die.
- Ensure that the die is securely mounted in your reloading press before use.
- Do not attempt to resize cases that are excessively damaged or out of specification.
- Adjust the bushing position carefully to avoid oversizing the case neck.
- Always check for proper alignment of the cartridge case and die before beginning the resizing process.
- Keep your hands and other body parts clear of moving parts during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Remove any existing die from the press.
- Insert the Redding Type S Bushing Full Length Die into the press and tighten securely.
- Attach the adjustable decapping rod according to the manufacturer's instructions.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them.
- Adjust the bushing position as needed for your specific reloading requirements.
- Insert the cartridge case into the die and ensure it is seated properly.
- Operate the press to resize the case, maintaining a steady and controlled motion.
- After resizing, remove the case and inspect it for proper dimensions and any signs of damage.

## Disposal Instructions

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- For any hazardous materials, contact your local waste management authority for proper disposal.

methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Redding Type S Bushing Full Length Die, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Bushing Full Length Die. Always prioritize safety and stay informed about best practices in reloading.
