

TYPE S BUSHING FULL DIES - REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Attributes

- Name: [REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE](#)

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE. This product is designed for precision resizing of cartridge cases while maintaining control over the neck dimensions. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment and understand the resizing process before using the die.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses when handling reloading equipment.
- Keep the die and all related tools out of reach of children and unauthorized individuals.
- Regularly inspect the die for wear and damage. Do not use if any components are broken or malfunctioning.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Use the die only with cartridges that are compatible with the specifications provided.
- Ensure the bushing is properly seated and secured before resizing operations.
- Adjust the decapping rod carefully to avoid damaging the die or the cartridge.
- Avoid overtightening the die in the press, as this may cause damage.
- Do not attempt to resize cases that are excessively damaged or worn.

Instructions for Installation and Usage

1. Installation:

- Remove the die from its packaging and inspect for any visible defects.
- Install the die into your reloading press according to the manufacturer's instructions.
- Ensure the die is securely tightened to prevent movement during operation.

2. Usage:

- Insert the cartridge case into the shell holder of your reloading press.
- Adjust the die as needed to achieve the desired neck sizing.
- Use the adjustable decapping rod to set the bushing position for partial neck sizing if required.
- Operate the press slowly and steadily to ensure consistent results.
- After resizing, check the concentricity of the neck to ensure proper alignment.

Disposal Instructions

- Dispose of any defective or unusable dies in accordance with local regulations regarding electronic waste and metal recycling.
- Do not dispose of the die in regular household waste. Check for local recycling options that accept metal components.

Contact Information for Further Support

For any questions or concerns regarding the TYPE S BUSHING FULL DIES REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES REDDING 6.5X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE. Always prioritize safety and compliance with local regulations when handling reloading equipment.
