# Redding Neck Sizing Die Set Safety Instructions

## Introduction

Thank you for purchasing the Redding Neck Sizing Die Set for 6.5 x 54 mm Mannlicher. This guide provides important safety information and instructions to ensure safe and effective use of your product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure that you are of legal age and have the necessary knowledge and experience to handle reloading equipment safely.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the die set and all reloading components out of reach of children and unauthorized individuals.
- Be aware of your surroundings and ensure that you are working in a wellventilated area.
- Regularly inspect your equipment for any signs of wear or damage before use.
- Follow all local, state, and federal laws regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Always use the Redding Neck Sizing Die Set according to the manufacturer's instructions.
- Never exceed the recommended load data for your specific cartridge.
- Ensure that the die is securely installed in the reloading press before use.
- Do not attempt to modify or alter the die set in any way.
- Be cautious when handling primers and powders; store them in a cool, dry place away from direct sunlight and heat sources.
- If you experience any malfunctions or issues while using the die set, stop using it immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components: Redding Neck Sizing Die, reloading press, brass cases, and other reloading components.
- Read the manufacturer's instructions provided with the die set.

### 2. Installation:

- Securely attach the Neck Sizing Die to your reloading press according to the press's instructions.
- Ensure that the decapping rod assembly and neck expander button are properly installed.

### 3. Usage:

- Insert a cleaned and resized brass case into the shell holder of the reloading press.
- Raise the ram to engage the die, allowing the neck of the case to be resized.
- After resizing, lower the ram and remove the case from the shell holder.
- Repeat the process for each brass case you intend to resize.
- After resizing, use the Seating Die for bullet seating, following the same attachment and usage instructions.

### 4. PostUsage:

- Clean the die set after use to prevent corrosion and maintain functionality.
- Store the die set in a cool, dry place.

## **Disposal Instructions**

- Dispose of any spent primers, powder, or other reloading materials in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Neck Sizing Die Set, please refer to the manufacturer's website or contact their customer support for assistance. Always ensure that you are following the most current guidelines and safety practices.

Thank you for your attention to these safety instructions. Enjoy your reloading experience responsibly!
