

# PARTNER PRESS - RCBS PARTNER PRESS

[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

The Partner Press is a compact, durable inexpensive 7/8 inch to fourteen reloading press which will do a fine job of resizing benchrest, varmint and most rifle cases. Many shooters started out with a Partner press because the smaller size and weight makes this press great for travel. The Partner has a compound leverage system, steel linkages and a priming arm is included. Perfect press if you need a second press on your bench.

# Safety Instruction Guide for RCBS Partner Press

## Introduction

Thank you for purchasing the RCBS Partner Press. This guide provides essential safety instructions to ensure the safe and effective use of your reloading press. Please read this guide carefully before using the product to understand potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a reloading press for resizing benchrest, varmint, and most rifle cases.
- Always operate the press in a wellventilated area to avoid inhaling any dust or particles generated during reloading.
- Keep the work area clean and organized to prevent accidents.
- Use the press only with compatible materials and components.
- Store the press in a dry location to prevent rust and damage.
- Regularly inspect the press for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Always wear safety glasses to protect your eyes from debris.
- Keep hands and fingers clear of the moving parts of the press to avoid injury.
- Do not overload the press beyond its specified capacity.
- Ensure that the press is securely mounted to a stable surface before use.
- Use the priming arm carefully to avoid accidental discharge of primers.
- Keep children and pets away from the work area while operating the press.
- Do not use the press if you are tired or under the influence of alcohol or drugs.

## Instructions for Installation and Usage

### Installation

1. **Choose a Location:** Select a sturdy workbench or table that can support the weight of the press and provide enough space for operation.
2. **Mount the Press:** Use the provided mounting hardware to securely attach the press to the work surface. Ensure it is level and stable.
3. **Check Alignment:** Verify that the press is aligned correctly for smooth operation.

### Usage

1. **Prepare Materials:** Gather all necessary materials including brass cases, primers, powder, and bullets.
2. **Set Up the Press:**
  - Adjust the die according to the specifications for the caliber you are reloading.
  - Ensure that all components are properly installed and tightened.
3. **Reloading Process:**
  - Insert a brass case into the shell holder.
  - Operate the handle to resize the case.
  - Follow the manufacturer's instructions for adding primers and powder.
  - Complete the reloading process by seating the bullet.
4. **Safety Checks:** After reloading, inspect each round for proper assembly before use.

## **Disposal Instructions**

- Dispose of any unused or leftover materials in accordance with local regulations.
- Recycle brass cases when possible, following your local recycling guidelines.
- Do not dispose of hazardous materials in regular trash.

## **Contact Information for Further Support**

For safety inquiries, product support, or to report unsafe products, please contact the manufacturer or the designated EU contact point. Ensure to have your product details ready for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your RCBS Partner Press. Always prioritize safety and adhere to the guidelines provided to minimize risks associated with reloading ammunition. Thank you for choosing RCBS.
