

# NT-1000 STANDARD NECK TURNING KIT - SINCLAIR INTERNATIONAL NT-1000 STANDARD NECK TURNING KIT, 6.5MM/25 CALIBER

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Our standard neck turning tool has served thousands of handloaders for over two decades. This tool comes complete with our stainless steel universal handle and cutter. The neck turner cutter is made from hand-stoned high-speed tool steel and will cut thousands of cases before needing replacement. Each tool requires the use of our Sinclair mandrels. Our NT-1000 neck Turning Kits include the NT-1000 Neck Turner, our Generation II Expander Die (05-3000), a Neck Turning mandrel and an Expander Mandrel. Both included mandrels are turned from high grade stainless steel on precision turning centers. The Expander mandrel is sized .001 under bullet diameter and the Turning mandrels are .002 below bullet diameter. This allows for the perfect fit to avoid galling the inside of your cases during the turning process. For additional technical information regarding neck turning, please feel free to call our 800 number and speak to any of our reloading technicians.

## Attributes

- Name: [SINCLAIR INTERNATIONAL NT-1000 STANDARD NECK TURNING KIT, 6.5MM/25 CALIBER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

# NT1000 Standard Neck Turning Kit Safety Instructions

## Introduction

Thank you for choosing the NT1000 Standard Neck Turning Kit from Sinclair International. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual thoroughly before using the neck turning kit.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the working area is clean, welllit, and free from distractions.
- Keep the tool out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the neck turning kit.
- Regularly inspect the tool for wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The neck turning cutter is sharp and can cause cuts or injuries if mishandled.
  - The tool involves highspeed operations, which can lead to projectiles if not used properly.
- **Avoiding Hazards:**
  - Always handle the cutter with care; do not touch the cutting edge.
  - Ensure that the cutter is securely attached to the handle before use.
  - Do not attempt to modify or alter the tool in any way.
  - Use the tool only for its intended purpose as described in this manual.
  - Keep hands and body parts away from the cutter while in operation.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that you have all components of the NT1000 Neck Turning Kit, including the neck turner, expander die, and mandrels.
- Select the appropriate mandrel for your case size.

### 2. Installation:

- Attach the neck turner cutter securely to the stainless steel universal handle.
- Insert the selected neck turning mandrel into the neck turner.

### 3. Usage:

- Insert the case into the mandrel and ensure it is held firmly.
- Turn the handle gently to start the neck turning process.
- Maintain a steady and controlled motion to achieve uniform neck turning.
- Regularly check the progress and remove the case once the desired neck thickness is achieved.

#### **4. PostUse Care:**

- Clean the tool after each use to remove debris and residue.
- Store the tool in a safe, dry place away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or wornout components responsibly, following local regulations for hazardous waste.
- Do not dispose of the tool in regular household waste. Instead, consider recycling options where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the NT1000 Standard Neck Turning Kit, please reach out to the designated contact point provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you have a successful experience using the NT1000 Standard Neck Turning Kit.
