

# NT-1000 STANDARD NECK TURNING KIT - SINCLAIR INTERNATIONAL NT-1000 STANDARD NECK TURNING KIT, 338 CALIBER

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Our standard neck turning tool has served thousands of handloaders for over two decades. This tool comes complete with our stainless steel universal handle and cutter. The neck turner cutter is made from hand-stoned high-speed tool steel and will cut thousands of cases before needing replacement. Each tool requires the use of our Sinclair mandrels. Our NT-1000 neck Turning Kits include the NT-1000 Neck Turner, our Generation II Expander Die (05-3000), a Neck Turning mandrel and an Expander Mandrel. Both included mandrels are turned from high grade stainless steel on precision turning centers. The Expander mandrel is sized .001 under bullet diameter and the Turning mandrels are .002 below bullet diameter. This allows for the perfect fit to avoid galling the inside of your cases during the turning process. For additional technical information regarding neck turning, please feel free to call our 800 number and speak to any of our reloading technicians.

# NT1000 Standard Neck Turning Kit Safety Instructions

## Introduction

Thank you for choosing the NT1000 Standard Neck Turning Kit by Sinclair International. This tool is designed to assist handloaders in achieving precision in neck turning. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the working area is clean, dry, and welllit before using the neck turning kit.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, to protect against metal shavings and other debris.
- Keep the neck turning kit out of reach of children and vulnerable individuals.
- Do not use the tool if it appears damaged or if any parts are missing.
- Familiarize yourself with all components of the kit before use.
- Follow all local laws and regulations regarding reloading and the use of firearms.

## Specific Safety Precautions for Use

- The neck turning cutter is sharp; exercise caution when handling.
- Always ensure that the cutter is securely attached to the handle before use.
- Do not apply excessive force when using the neck turning tool; let the tool do the work to avoid injury.
- Avoid wearing loose clothing or jewelry that may get caught in the tool during operation.
- Do not use the neck turning kit for purposes other than intended; misuse can lead to injury or damage to the tool.
- If you experience any discomfort or unusual resistance while using the tool, stop immediately and inspect it for issues.

## Instructions for Installation and Usage

### 1. Assembly:

- Attach the stainless steel universal handle to the neck turning cutter securely.
- Ensure that the Sinclair mandrel is inserted properly into the neck turning tool.

### 2. Setup:

- Select the appropriate mandrel size for your cartridge.
- Insert the mandrel into the neck of the case you wish to turn, ensuring it fits snugly.

### 3. Turning Process:

- Hold the neck turning tool firmly and begin to rotate the handle slowly.
- Maintain even pressure and allow the cutter to engage the case neck without forcing it.
- Periodically check the case neck for uniformity and ensure that the cutter is not binding.

### 4. PostUse:

- After use, carefully detach the cutter from the handle and clean any debris from the tool.
- Store the neck turning kit in a dry and secure location.

## **Disposal Instructions**

- Dispose of any metal shavings and used parts in accordance with local waste disposal regulations.
- If the neck turning kit becomes unusable, check for recycling options available in your area for metal tools.

## **Contact Information for Further Support**

For further assistance or safety inquiries, please refer to the contact information provided with your product packaging or on our website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your NT1000 Standard Neck Turning Kit!
