

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 7MM REM MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 7MM REM MAG](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007431
- Mfr. No.: 56136

Safety Instruction Guide for Redding Competition Bushing Neck Die 7mm Rem Mag

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 7mm Rem Mag. This guide provides important safety information, usage instructions, and disposal guidelines to ensure your safety and the effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose as described in this guide.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Keep the die and all components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Do not exceed the recommended pressures when resizing cases.
- Ensure that the cartridge case is properly supported and aligned before starting the sizing process.
- Avoid using the die if it is damaged or if any components are missing.
- Use only compatible bushings and shellholders with this die.
- Keep hands and body clear of moving parts during operation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the die, bushings, shellholders, and cartridge cases.
- Ensure your workspace is clean and welllit.

2. Installation:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Select the appropriate bushing for the desired neck size and install it in the die.

3. Usage:

- Insert the cartridge case into the sliding sleeve of the die.
- Ensure the case is properly aligned and supported before starting the resizing process.
- Gradually move the press handle to begin the sizing process. The resizing bushing will selfcenter on the case neck.
- Monitor the process closely to ensure safety and effectiveness.

4. PostUsage:

- After use, clean the die and remove any debris or residue.
- Store the die and all components in a safe, dry place.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die in regular household waste if it is still functional; consider donating or recycling.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Redding Competition Bushing Neck Die, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

We hope you have a safe and enjoyable experience using your Redding Competition Bushing Neck Die 7mm Rem Mag. Thank you for your attention to these safety guidelines.
