

# COMPETITION SEATER DIES - 6.5X55MM SWEDE BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Die 6.5X55MM Swede Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Bullet Seater Die. This guide provides essential safety instructions to ensure the safe and effective use of your bullet seating die. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in this guide.
- Always wear appropriate safety gear, such as eye protection, when using the die.
- Keep the die and all reloading components out of the reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities immediately.

## Specific Safety Precautions for Use

- Do not exceed the maximum recommended seating depth to avoid potential hazards.
- Ensure that the micrometer is properly calibrated before each use to maintain accuracy.
- Use the die only with compatible cartridges (6.5 x 55 mm Swedish Mauser) to prevent malfunction.
- Avoid using excessive force during the seating process to prevent equipment failure or personal injury.
- Always follow the manufacturer's instructions for the proper setup and use of the die.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is securely mounted and stable.
- Insert the Redding Competition Bullet Seater Die into the press according to the manufacturer's specifications.
- Tighten the die securely to prevent movement during use.

### 2. Usage

- Adjust the micrometer to your desired seating depth, ensuring it is set in .001" increments for precision.
- Place a cartridge case into the press and ensure it is properly aligned with the die.
- Insert the bullet into the case mouth and lower the ram to seat the bullet.
- Check the seating depth after each adjustment to ensure consistency and accuracy.
- Repeat the process for each cartridge, ensuring to monitor the micrometer settings.

## Disposal Instructions

- Dispose of the die and any associated materials in accordance with local regulations.
- Do not dispose of the die in regular household waste; check for recycling options or hazardous waste disposal facilities in your area.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bullet Seater Die, please consult the

manufacturer or authorized retailers for assistance. Always refer to the manufacturer's website for the latest updates and safety information.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using your Redding Competition Bullet Seater Die responsibly.
