

COMPETITION SEATER DIES - REDDING 7MM REMINGTON MAGNUM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Die

Introduction

Thank you for purchasing the Redding Competition Seater Die for 7mm Remington Magnum bullets. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and use of reloading equipment.
- Always wear appropriate eye protection when using the die and working with ammunition components.
- Keep the die and all reloading materials out of reach of children and unauthorized users.
- Store the die in a dry, cool place to prevent damage and ensure longevity.
- Regularly inspect the die for any signs of wear or damage before each use.
- Be aware of your surroundings and ensure that you are in a safe environment while reloading.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the die is securely mounted to your reloading press before use.
- Do not attempt to adjust the die while it is in use.
- Use only the appropriate caliber bullets and cartridges specified for this die.
- Never exceed the recommended load data provided by reputable sources.
- If you experience any malfunctions or issues during use, stop immediately and consult the manufacturer.
- Dispose of any defective or damaged components in accordance with local regulations.

Instructions for Installation and Usage

1. Installation:

- Clean the mounting area of your reloading press to ensure a secure fit.
- Screw the die into the press using the appropriate threading (7/814).
- Tighten the die securely, but avoid overtightening which may cause damage.

2. Usage:

- Set the micrometer to your desired seating depth. Adjust in .001" increments for precision.
- Use the zero set feature to calibrate the micrometer to your preferred seating depth.
- Insert the bullet into the die and raise the press handle to seat the bullet.
- Lower the press handle to remove the completed cartridge.
- Repeat the process for additional cartridges, ensuring consistent depth settings.

Disposal Instructions

- Dispose of any unwanted or damaged components in accordance with local waste disposal regulations.
- Do not dispose of the die or any reloading materials in regular household waste.
- Check with local authorities for specific disposal guidelines related to ammunition components.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Redding Competition Seater Die, please refer to the manufacturer's official website or contact their support team. Ensure you have your product details ready for a quicker response.

By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Competition Seater Die. Thank you for your attention to safety and responsible use.
