

# COMPETITION SEATER DIES - 270 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies 270 Winchester Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to seat bullets in 270 Winchester cartridges.
- Always wear appropriate personal protective equipment, such as safety glasses, when using this product.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Follow all local laws and regulations regarding the use and storage of ammunition and reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Handling:** Always handle the die with care. Avoid dropping or mishandling it to prevent damage.
- **Setup:** Ensure that the die is securely mounted in your reloading press before use.
- **Adjustment:** Make adjustments to the micrometer only when the die is not in use to prevent accidental changes in seating depth.
- **Ammunition:** Use only compatible cartridges (270 Winchester) with this die to avoid malfunctions or accidents.
- **Environment:** Use the die in a wellventilated area to avoid inhaling any dust or particles generated during the reloading process.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Redding Competition Bullet Seater die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during use.

### 2. Usage:

- Adjust the micrometer to your desired seating depth. The die is calibrated in .001 inch increments for precise adjustments.
- Use the zero set feature to establish your preferred seating depth as a reference point.
- Insert the bullet into the die and operate the press to seat the bullet into the cartridge case.
- Inspect each cartridge after seating to ensure proper bullet depth and alignment.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Redding Competition Bullet Seater, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Redding Competition Bullet Seater for your reloading projects.
