

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 243 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 243 WIN](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007446
- Mfr. No.: 56114

Safety Instruction Guide for Redding Competition Bushing Neck Die 243 Win

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This guide provides important safety instructions and usage guidelines to ensure safe and effective operation of the product. It is essential to read and understand these instructions before using the die to avoid any potential hazards.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die and components for damage or wear before each use. Do not use damaged equipment.
- Follow all manufacturer instructions and recommendations for use and maintenance.
- Store the die in a dry, secure location when not in use to prevent damage and unauthorized access.

Specific Safety Precautions for Use

- Ensure the die is properly installed in your reloading press before use.
- Do not exceed the recommended load specifications for your cartridge.
- Avoid using the die with wet or contaminated cartridge cases.
- Always ensure that the cartridge case is fully supported in the die before starting the sizing process.
- Be cautious of the decapping rod; ensure it is properly aligned to avoid injury.
- Do not attempt to modify or alter the die in any way.
- If you experience any issues during use, stop immediately and consult the manufacturer for assistance.

Instructions for Installation and Usage

1. Installation

- Remove the die from its packaging and inspect it for any damage.
- Securely mount the die in your reloading press according to the press manufacturer's instructions.
- Ensure the sizing bushing is correctly inserted into the die.

2. Preparation for Use

- Clean and inspect all cartridge cases before reloading.
- Ensure that the reloading area is clean and free of any obstructions.

3. Using the Die

- Place the cartridge case into the die, ensuring it is fully supported.
- Adjust the micrometer to the desired neck length for sizing.
- Operate the press to begin the sizing process, allowing the die to self-center on the case neck.
- After sizing, remove the cartridge case from the die and inspect it for proper sizing.

4. PostUse Care

- Clean the die and remove any debris after use.
- Store the die in its original packaging or a secure location to prevent damage.

Disposal Instructions

- Dispose of any broken or wornout components according to local regulations.
- Do not dispose of the die in regular household waste. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die, please refer to the manufacturer's website or customer service resources. Ensure you have the product details available for reference.

By following these guidelines, you can ensure safe and effective use of your Redding Competition Bushing Neck Die. Thank you for your attention to safety and for choosing our product for your reloading needs.
