

# RAIL MOUNT MONOPODS - ACCU-SHOT STANDARD RANGE PRM MONOPOD RAIL 3.75-4.75" QUICK KNOB

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Monopods](#)

The Accu-Shot Monopods are designed to add stability and provide easy elevation adjustment for bi-pod equipped rifles. The Precision Rail Monopod (PRM) from Accu-Shot attaches to a Picatinny rail and has several applications other than monopod use, such as a folding vertical fore grip. It easily folds up and retracts out of the way when not in use. We're offering the PRM with the factory upgraded "Quick Knob" for faster target acquisition. The "Quick Knob" enables the user to make quick adjustments with the push of a button. Depressing the spring loaded button allows your monopod to slide up or down for gross adjustment so that you can find your desired sight picture. Release the button and re-engage the actuator rod threads and rotate the knob for fine adjustment. Available in Standard (3.75" - 4.65"), Mid-range (4.75" - 5.65") and Extended height (5.65" - 6.60") heights with Quick Knob.

## Attributes

- Name: [ACCU-SHOT STANDARD RANGE PRM MONOPOD RAIL 3.75-4.75" QUICK KNOB](#)
- Manufacturer: [ACCU-SHOT](#)
- Product no.: 749007453

# Safety Instruction Guide for AccuShot Monopods

## Introduction

Thank you for choosing the AccuShot Precision Rail Monopod (PRM). This guide provides important safety instructions and guidelines to ensure safe and effective use of your monopod. Please read this manual thoroughly before using the product to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure that the monopod is compatible with your specific Picatinny rail system before use.
- Always inspect the monopod for any damage or wear before each use.
- Keep the monopod out of reach of children and vulnerable individuals.
- Do not use the monopod in adverse weather conditions that may compromise stability.
- Always follow the manufacturer's instructions for installation and usage.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the monopod only for its intended purpose: to provide stability and elevation adjustment for bipod equipped rifles.
- Ensure the "Quick Knob" is securely engaged before adjusting the height of the monopod.
- When making adjustments, ensure that your hands and fingers are clear of moving parts to avoid injury.
- Do not exceed the recommended height adjustments for the monopod to maintain stability.
- Avoid using the monopod in situations where it may be subjected to excessive force or impact.

## Instructions for Installation and Usage

### 1. Installation:

- Locate the Picatinny rail on your rifle.
- Align the AccuShot Monopod with the rail and slide it into position.
- Ensure that the monopod is fully seated on the rail.
- Tighten the attachment mechanism securely to prevent movement.

### 2. Height Adjustment:

- To make a gross height adjustment, depress the springloaded button on the "Quick Knob."
- Slide the monopod up or down to achieve your desired height.
- Release the button to lock the monopod in place.
- For fine adjustments, rotate the "Quick Knob" to adjust the actuator rod threads as needed.

### 3. Folding the Monopod:

- To fold the monopod for storage, ensure it is in a locked position.
- Gently pull the folding mechanism to retract the monopod into its compact form.
- Store the monopod in a safe place when not in use.

## Disposal Instructions

- Dispose of the monopod in accordance with local regulations regarding electronic waste and nonfood product disposal.
- Do not incinerate or dispose of the monopod in regular household waste.
- If the monopod is damaged or no longer functional, contact your local waste management authority for

proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the AccuShot Monopod, please refer to the product packaging or the manufacturer's website for additional support resources. Always ensure that you have the latest safety information and updates.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your AccuShot Monopod responsibly.
