

COMPETITION SEATER DIES - 243 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies 243 Winchester Bullet Seating Die

Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this manual thoroughly before using the die.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure you are familiar with the reloading process and the specific requirements for the 243 Winchester cartridge.
- Store the die in a safe and dry location, away from children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Ensure that your workspace is clean and organized to prevent accidents.

Specific Safety Precautions for Use

- Do not exceed the recommended seating depth adjustments.
- Keep hands and fingers clear of the die's moving parts during operation.
- Avoid using the die if you are tired, distracted, or under the influence of substances that may impair your judgment.
- Use only compatible cartridges with this die to prevent malfunction or accidents.
- Always follow the recommended load data for the 243 Winchester cartridge.
- If you encounter any issues during operation, cease use immediately and consult the manufacturer or a qualified professional.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted on a stable surface.
- Clean the threads of the die and your reloading press to ensure a proper fit.
- Screw the bullet seating die into the press until it is snug, but do not overtighten.
- Adjust the micrometer to your desired seating depth.

2. Usage:

- Prepare your cartridge cases according to standard reloading practices.
- Place a bullet on the case mouth and position it under the die.
- Activate the press to seat the bullet. Monitor the process to ensure smooth operation.
- After seating, check the cartridge overall length to ensure it meets specifications.
- Make adjustments to the micrometer as needed for precise seating depth.

Disposal Instructions

- Dispose of any spent cartridges and components according to local regulations.
- Do not dispose of the die in regular household waste.
- Check with local authorities or recycling centers for proper disposal methods for metal and plastic components.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bullet Seater, please refer to the manufacturer's contact information provided with the product or on the manufacturer's official website.

Please remember that safety is paramount when reloading ammunition. Always stay informed about best practices and regulations to ensure a safe reloading experience. Thank you for your attention to these important safety instructions.
