

# COMPETITION SEATER DIES - 6MM PPC BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies 6mm PPC Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Seater Dies 6mm PPC Bullet Seating Die. This product is designed for precision bullet seating and offers a high level of accuracy for your reloading needs. To ensure safe and effective use, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Wear appropriate safety gear, such as safety glasses and gloves, while operating the die.
- Ensure your workspace is clean and free from distractions to avoid accidents.
- Regularly inspect the die for wear or damage before each use.
- In case of malfunction or if you notice any irregularities, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the 6mm PPC cartridge before use.
- Always verify that the die is securely mounted in the reloading press before beginning the seating process.
- Avoid using excessive force when adjusting the micrometer to prevent damage to the die.
- Never attempt to modify or disassemble the die, as this may lead to unsafe conditions.
- Follow recommended seating depth adjustments carefully to prevent overseating, which can cause dangerous pressures.

## Instructions for Installation and Usage

### 1. Installation

- Remove the die from its packaging and inspect it for any visible damage.
- Securely mount the die into the reloading press, ensuring it is tightly fastened to prevent movement during use.
- Adjust the die height according to the manufacturer's specifications.

### 2. Usage

- Set the micrometer to your desired seating depth, using the zero set feature to start from your preferred depth.
- Insert a cartridge case into the press and ensure it is properly aligned with the die.
- Slowly and steadily operate the press to seat the bullet. Avoid rapid or jerky movements.
- After seating, check the bullet for proper seating depth using a caliper.
- Repeat the process for additional cartridges, making adjustments as necessary.

## Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw the die in regular trash; check for recycling programs in your area that accept metal products.
- Ensure that all components, including packaging, are disposed of responsibly to minimize environmental impact.

impact.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the Redding Competition Seater Dies 6mm PPC Bullet Seating Die, please refer to the manufacturer's contact details provided with your product.

Thank you for your attention to these safety guidelines. Your safety is our priority, and following these instructions will help ensure a safe and enjoyable reloading experience.
