

# COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 308 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [COMPETITION BUSHING NECK DIE 308 WIN](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007466
- Mfr. No.: 56155
- Cartridge: 308 Winchester
- Die Style: Neck Die
- Delivery weight: 0.408kg
- Shipping height: 43mm
- Shipping width: 112mm
- Shipping length: 152mm
- UPC: 611760561559

# COMPETITION BUSHING NECK DIE 308 WIN Safety Instruction Guide

## Introduction

Thank you for choosing the COMPETITION BUSHING NECK DIE 308 WIN. This product is designed for precision resizing of cartridge cases, ensuring optimal performance for competitive shooting. Please read this safety instruction guide carefully to ensure safe use and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure safe handling of the die and associated tools to prevent accidents.
- Follow all instructions for setup and use to minimize risks.
- Regularly inspect the die and its components for wear or damage.
- Store the die in a safe, dry place away from children and unauthorized users.
- Use the die only for its intended purpose as described in this guide.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the die to prevent injury from debris.
- Keep hands and other body parts clear of the die during operation to avoid pinching or cuts.
- Ensure the die is securely mounted before use to prevent movement during resizing.
- Do not exceed the recommended pressure when resizing cases to avoid damage to the die or injury.
- Use only compatible cartridge cases with the die to ensure proper function and safety.
- Do not modify the die or its components; any alterations can lead to unsafe conditions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the workspace is clean and free of obstructions.
- Secure the die in a reloading press according to the manufacturer's instructions.
- Check that all parts are correctly assembled and tightened.

### 2. Usage:

- Prepare the cartridge case by cleaning it thoroughly to remove any dirt or debris.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Adjust the micrometer setting to the desired neck length based on your specifications.
- Gradually apply pressure using the reloading press to resize the case.
- Once the resizing process is complete, remove the case from the die carefully.
- Inspect the resized case for any signs of damage or irregularities.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please refer to the manufacturer or your point of purchase for assistance. Always keep this guide for reference when using the COMPETITION BUSHING NECK DIE 308 WIN.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for prioritizing safety in your competitive shooting endeavors.
