

# COMPETITION SEATER DIES - 308 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies 308 Winchester Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the die.

## General Safety Guidelines

- Always handle the die with care, ensuring it is free from obstructions before use.
- Use the die only for its intended purpose: seating bullets in 308 Winchester cartridges.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die regularly for any signs of damage or wear. If damaged, discontinue use immediately.
- Always wear appropriate safety gear, including eye protection, when using the die.
- Be aware of your surroundings and ensure you are in a safe and suitable environment for reloading.
- Follow all local laws and regulations regarding ammunition reloading and use.

## Specific Safety Precautions for Use

- Ensure that the die is securely attached to the reloading press before use.
- Do not exceed the recommended seating depth for the bullets you are using.
- Always check that the micrometer is set to the correct measurement before starting the seating process.
- Avoid using excessive force when seating bullets to prevent damage to the die or bullet.
- If you experience resistance while seating a bullet, stop immediately and check for obstructions or misalignment.
- Never leave the die unattended while in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free from debris.
- Screw the Redding Competition Bullet Seater into the press using the 7/814 threads until it is secure.
- Adjust the die to the desired seating depth using the micrometer feature.

### 2. Usage:

- Prepare your cartridge cases according to your reloading process.
- Place a bullet in the case mouth.
- Raise the press handle slowly to seat the bullet. Monitor the process closely.
- After seating, lower the handle and check the bullet seating depth with a caliper to ensure accuracy.
- If adjustments are needed, turn the micrometer to the desired depth and repeat the process.

## Disposal Instructions

- Dispose of any defective or unusable components of the die in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste. Instead, check for recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Competition Bullet Seater, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

By following these guidelines, you can ensure the safe and effective use of your Redding Competition Bullet Seater. Always prioritize safety and adhere to the instructions provided in this guide.
