# Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Dies

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure that you follow all safety guidelines during the use of the L.E. Wilson Micrometer Top Bullet Seater Dies to prevent accidents and injuries.
- **Enhanced Recalls:** Stay informed about any product recalls. Regularly check for updates on the EU's Safety Gate platform.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** Extra care should be taken when this product is used by individuals who may be vulnerable, such as inexperienced reloaders.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact provided by the retailer.
- **Rapid Alerts:** Be aware of the Safety Gate system for rapid updates on unsafe products.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Ensure that the work area is clean and free from distractions to maintain focus and safety.
- Keep the product out of reach of children and unauthorized users.
- Do not exceed the recommended bulletseating depths and adjustments as specified in the product instructions.
- Regularly inspect the dies for wear or damage before each use.
- Avoid using the product in wet or humid conditions to prevent rust and corrosion.
- Do not force the die or press during operation; if resistance is felt, stop and assess the situation.
- Ensure that the Arbor Press is stable and securely positioned before use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Arbor Press is clean and free from debris.
- Securely attach the L.E. Wilson Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.
- Adjust the die height according to your specific reloading requirements.

### 2. Usage:

- Prepare your cartridges and bullets for seating.
- Place the cartridge in the Arbor Press and position the bullet atop the cartridge.
- Gradually lower the press handle to seat the bullet to the desired depth.
- Use the micrometer scale to make precise adjustments in 0.001" increments.
- After seating, carefully remove the cartridge from the press and inspect the bullet depth for accuracy.
- Repeat the process as necessary for additional cartridges.

### 3. **PostUsage:**

- Clean the die after each use to prevent residue buildup.
- Store the product in a dry, safe place away from children and pets.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of any reloading components, such as spent primers or powder, in regular household waste.
- Contact local authorities for information on safe disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the L.E. Wilson Micrometer Top Bullet Seater Dies, please refer to the retailer's contact information or the EUbased contact point provided with your purchase.

By following these safety instructions, you can ensure a safe and successful reloading experience with your L.E. Wilson Micrometer Top Bullet Seater Dies. Thank you for your attention to safety, and happy reloading!
