Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Dies 6.5x284mm Winchester

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Dies. This product is designed to help you achieve precise bulletseating depths for your reloading needs. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the workspace is clean and free of obstructions before using the bullet seater dies.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the equipment. Do not use if damaged.
- Always follow the manufacturer's recommendations for use, maintenance, and storage.

Specific Safety Precautions for Use

- Ensure that the Arbor Press used in conjunction with the bullet seater die is in good working condition.
- Do not exceed the maximum recommended bullet length for your specific die.
- Be cautious of the sharp edges on the die and other components to avoid cuts or injuries.
- Always doublecheck the bulletseating depth before proceeding with reloading.
- Avoid distractions while operating the equipment to maintain focus and accuracy.

Instructions for Installation and Usage

1. Installation:

- Securely attach the L.E. Wilson Micrometer Top Bullet Seater Die to your Arbor Press.
- Ensure that the die is properly aligned and tightened to prevent any movement during use.

2. Usage:

- Prepare your cases according to standard reloading practices.
- Adjust the micrometer top to the desired bulletseating depth in 0.001" increments.
- Insert the bullet into the case and place it in the die.
- Apply steady pressure using the Arbor Press to seat the bullet to the desired depth.
- Remove the seated bullet and check the depth with a caliper for accuracy.
- Repeat the process for additional bullets, adjusting as necessary.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please consult the manufacturer's website or customer support for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience with the L.E. Wilson Micrometer Top Bullet Seater Dies. Thank you for your attention to safety and for choosing our product.
